CONTENTS

Introduction: The Queen 1
What neurologists do

1. Six Improbable Things Before Breakfast 15
Arrivals, departures, and delays on the ward

2. Like a Hole in the Head 33
Where baseball and neurology converge in a game-saving, over-the-shoulder catch

3. The State of Confusion 47
Two characters in search of a neurologist

4. My Man Godfrey 69
A poor sort of memory that only works backwards

5. What Seems to Be the Problem? 83
A politically incorrect guide to malingering, shamming, and hysteria

6. Do No Harm 107
A walking time bomb tests the limits of good sense

7. A Story Is Worth a Thousand Pictures 121
Nine songs of innocence and experience

8. Endgame 143
Facing down Lou Gehrig's disease

9. The Examined Life 163
What it takes to survive a motor-neuron death sentence

10. The Curse of the Werewolf 185
On the front lines in the battle against Dr. Parkinson's disease
11. For the Want of a Nail 205
A hard-knock lesson on the way to the morgue
12. The Eyes Have It 223
When is somebody not dead yet?
13. Boats Against the Current 243
Based on a true story
