

Výběrová bibliografie

Poznámka: Rozhodl jsem se uvést pouze stručnou bibliografii. Je určena těm čtenářům, kteří by rádi dále sledovali některé z myšlenek předložených v této knize. Proto jsem do ní zařadil pouze díla citovaná v poznámkách pod čarou a některá další silně relevantní díla. Další odkazy lze samozřejmě nalézt v dílech zde uvedených. Existuje rovněž rozsáhlá bibliografie článků a knih k Aristotelovi, již lze nalézt v níže citovaných sbornících J. Barnes – M. Schofield – R. Sorabji (vyd.), *Articles on Aristotle*, I–IV. Textově jsem vycházel především z vydání Aristotelových a Platónových děl v řadě *Oxford Classical Texts*. Výjimkou jsou níže uvedená Rossova vydání *Analytik*, *Fyziky* a *Metafyziky* a Hicksovo vydání *O duši*.

Ackrill, J. L., *Aristotle's Categories and De Interpretatione*, Oxford 1963.
