Propositions of Scientific Evolutionary Skepticism	9
MILLENNIAL ENCYCLOPAEDIA	11
The Rationale of the <i>Millennial Encyclopaedia</i>	13
Discoveries in Anthropology and Comparative Linguistics.....	16
The Historical Evolution of Encyclopedias.....	22
The Working Results of the <i>Millennial Encyclopaedia</i>	25
ANTHROPOLOGICAL SCIENCES.....	30
Subdisciplines of Anthropology and Ethnology.....	30
Systematisating Humanities and Cultural Studies.....	33
Transformations of <i>Artes Liberales</i> into Systematic Sciences	34
Reconstitution of Prehistoric Studies into Systematic Sciences.....	39
CLIMATIC ECOLOGY	41
Ecology, Phytology, and Climatology.....	41
Climatic Zones and Ecosystems.....	42
Altitudinal and Amplitudinal Parameters	43
POPULATION GENETICS	49
Ugro-Scythoid Abasgoids with the Y-DNA haplogroup Q-M242	49
The Uraloid and Sarmatoid Y-Haplogroup N-M231.....	52
Pelasgo-Tungusoid Y-Haplogroups CT, T and C	56
The Cimbro-Turanic Y-Haplogroup R-M207	59
Gotho-Frisian Nordic Y-Haplogroups I1-M253 and I2-M423.....	63
PRIMATOLOGY.....	67
Evolutionary Models in Anthropology.....	67
Paragenesis as a Compromise between Monogeny and Polygeny	72
The Mainstreams of Human Paragenesis	73
Paraphyletic Filiation of Hominids	76
Hypotheses of Paragenesis in Human Origins	78
ANTHROPOLOGY	84
Typology in Anthropological Subdisciplines	84
Transcontinental Disciplinary Taxonomy	86
Prehistoric Diachrony Rates More than Contemporary Synchrony	91
The Differential Evolutionary Taxonomy of Human Varieties.....	99
GENETIC HEMATOLOGY.....	112
Anthropological Hematology	112
The Distribution of ABO Blood Groups	114
LANGUAGE FAMILIES	119
Language Families as Syncretic Neighbourhoods.....	119
Dogmatic Preconceptions of <i>Stammbaum</i> Philology	123

Language Families Broken into Prehistoric Tribal Dialects	125
Traditional Terminology and Revisited Taxonomy	126
Dogmatic Preconceptions of <i>Stammbaum</i> Philology	130
INDO-EUROPEISTICS	138
Indo-European Origins	138
The Analytic Decomposition of the Indo-European Domain	143
Classifying Tribes according to Plurals and Nominal Stems	147
Linguistic Materialism Refuses the Alleged Consonants Shifts	152
The Evolutionary Chronology of Indo-European Predecessors	154
Indo-European mixed families broken into ancient tribes	162
The Myths of Satem and Centum Shifts	166
The Myths of Grimm's Laws	172
AFRO-ASIATIC LANGUAGES	178
The Afro-Asiatic Language Family	178
Afro-Asiatic Classification	179
The Berber Core of the Afro-Asiatic Domain	188
The Egyptian Cultural Complex	194
The Cultural Domains of Egyptian Thebans, Cushites and Nubians	198
ARCHAEOLOGY	201
Archaeological Axiomatisation	201
Archaeological Taxonomy	203
Binomial Taxonomy instead of Monomial Nomenclature	212
Archaeological Cultures Identified as Remains of Ethnic Minorities	213
Architectural Taxonomy Instead of Metallurgical Periodisation	224
Archaeological Identification and Periodisation	231
PREHISTORIC PERIOLOGY	235
Periods of Anthropogenesis	235
Residential Periodisation of Vernacular Dwellings	237
The Economic and Fabulistic Formations in Prehistory	238
ETHNOLOGY	240
The Historical Beginnings of Ethnology	240
Reforms in Ethnology and General Cultural Studies	243
Ethnic Interrelations	247
Internal and External Stratification	251
ETHNIC CLASSIFICATION	253
Lawful Stages in Evolutionary Periodisation	253
The Disciplinary Phylogenesis in Prehistoric Studies	256
Ugro-Scythic Megalith-Builders	257
Tungusoid lake-dwellers	260
Cimbro-Turanic Shaft-Dwellers and Cliff-dwellers	262
The Ethnocenoses of Sinids and Galo-Alpinids	265
INDO-EUROPEAN ORIGINS FROM MICOQUIANS	268

Corded Ware	268
The Campignian Shell-Eaters	272
The Trans-Siberian Migration	276
Long Barrows	279
Obstacles of Indo-Europeanism	280
Traditional IE Language Families Broken into Tribal Dialects	282
RELIGIONISTICS	284
Hylozoic Naturism: Agricultural Polytheism	287
Agricultural Herbalist Cults (Phytotheism)	290
Nanotheism, Aviotheism and Plebeian Humoralism	291
Petrotheism and Ichthyophagous Transmigrationism	297
Pastoralist Dualism and Astrotheism	298
Pastoralist Ovotheism and Oculotheism	303
Scythoid Ogrish Mythology	307
Mesopotamian Pantheon	309
Ancient Greek and Roman Mythology	312
FOLKTALE FABULISTICS	316
Fabulistic Periodisation of Oral Prehistory	316
Literary Folkloristics as Prehistoric Poetology	319
The Poetogenesis of Folktale Genres	320
Fabulistic Periodisation of Prehistory	322
Tales of Palaeolithic Plant-Gatherers and Neolithic Farmers	326
Totemistic Tales of Asian Hunters and Pastoralists	337
Tales of Ogrish Megalith Builders	341
Tales of Altaic and Tungusic Fishermen	356
Mythological Motifs of Pelasgoid Lake-Dwellers	358
Tales of Sea Pirates with Rockcut Shelters	362
The Elfin Motifs of Lapponoid Nations	368

A List of Tables

Table 1. The Mendeleev periodic table for all cultural studies	12
Table 2. Anthropogenesis of human stocks	17
Table 3. Fallacious mixed units vs. discrete elementary units	21
Table 4. Cultural subdisciplines of ethnology	31
Table 5. The Mendeleev periodic table for Afro-European tribes	32
Table 6. The Mendeleev periodic table for Asiatic tribes	33
Table 7. Applied journalism versus systematic sciences	34
Table 8. Booms of rational scientism and fanatic antiscientism	38
Table 9. Axiomatisations of climatic zones	41
Table 10. Altitudinal and amplitudinal models of ecosystems	42
