## Biodesign Inspiration

- Living Therapeutic Skin (LTS): Design Opportunities and Challenges  
of On-Skin Living Artefacts ..... 5  
*Raphael Kim, Fanzhe Zeng, Tom Ellis, and Elvin Karana*
- Biodesign in Textile Innovation: Emerging Applications of Bacterial  
Cellulose to Fashion ..... 21  
*Ziqian Yu, Valentina Rognoli, and Paola Bertola*
- Lucid Life | Marama Ora ..... 33  
*Christopher Bellamy*
- Designing Customizable Malleability and Padding in Fungal Textiles ..... 44  
*Jierui Fang, Stefano Parisi, and Elvin Karana*
- Building-By-Growing with Textile Logic - Speculative Morphologies  
of Biohybrid Textile Architecture ..... 58  
*Eliza Biala, Anne-Kathrin Kühner, and Martin Ostermann*
- MYO: Mycelium Technology for Kids ..... 67  
*Elena Albergati, Valentina Rognoli, and Michela Grisa*
- Circular Territories Inspiration**
- Repurposing Marine Waste: A Circular Design Approach ..... 91  
*Isabel Farinha, Miguel Pina, Sara Gancho, and Carlos A. M. Duarte*
- Be Circular. The Push of the City ..... 106  
*Giovanna Tagliasco*
- Co-design as an Enabling Method in Systemic Design Methodology  
for Circular and Sustainable Ecosystem ..... 114  
*Martina Spinelli, Davide Montaquila, Davide Nonis, and Amina Pereno*
- In Search of Wool(s): Rethinking the Future of Materials and Craft  
Communities ..... 127  
*Bilge Merve Aktaş*

## Speculative Biofutures Inspiration

- A Theory of Speculation: Do Speculative Futures Really Relate to the Future? ..... 147  
*Alakesh Dhibar and Fernando Oliveira*

- Pillars of Ontological Biophilic Design ..... 156  
*Sergio Davila Urrutia and Tyler Fox*

## Nature-Based Solutions Inspirations

- From Green Spaces to Healthier Cities: Community-Driven Nature-Based Solutions ..... 173  
*Xavier Ferrari Tumay and Federica Maria Lorusso*

- R.ES.P.I.R.A - Co-Design and Implementation of Climate-Regulating Urban Furniture ..... 187  
*Chiara Farinea, Tim Bruder, and Andrea Conserva*

- Production of Microbial Bricks for Ecological Architectural Restoration in Rural Areas Through Community Engagement ..... 201  
*Gozde Damla Turhan-Haskara and Hande Yıldız Çekindir*

- KINE[SIS]TEM'17 – Bridging Biomimetic Design and Environmental Analysis in Architecture ..... 212  
*Maria João de Oliveira*

- Craft 3.0; Positioning Craft and Design Practice(s) Within 'Reduction' and Nature-Based Design ..... 227  
*Robert Phillips and Fernando Galdon*

## Strategic Design for Green Transition Inspirations

- Circular Diversification and Design: The Contribution of the Design Discipline and Practice to Identify New Production Opportunities and Create a Closed Loop System ..... 247  
*Noemi Emidi, Eva Vanessa Bruno, and Beatrice Lerma*

- Circular Network of Textiles Biomaterials: Green Strategies for Future Design Practices ..... 262  
*Pedro Ferreira, Arlete Apolinário, and Gabriela Forman*

Next Skills for Circular Design Profiles: Bio-Based Innovation Towards Climate-Neutral Cities .....	277
<i>Federica Delprino, Silvia Pericu, and Chiara Olivastri</i>	
Materials Design Trends Fostering Environmental Sustainability .....	291
<i>Sofia Soledad Duarte Poblete, Laura Anselmi, and Valentina Rognoli</i>	
A Different Kind of Growth: Challenges and Opportunities of Mycelium for Product Design .....	307
<i>Shah Noor Shafqat, Bilge Merve Aktaş, and Hazal Gumus Ciftci</i>
