

Contents

1	Introduction of the Applicant	4
2	Introduction	5
3	Quantum computing	6
4	Quantum gates	9
5	Geometric algebras in Quantum computing	12
6	Quantum algorithms	18
7	Random fields on manifolds	21
8	VQAs as Random fields	22
9	Variational quantum algorithms	24
10	Research task	27
11	Future research	28
12	Summary of Current Research	28
13	Research Group	31
	References	32
14	Abstrakt / Abstract	35
