

TABLE OF CONTENTS

ABOUT THE AUTHOR	4
INTRODUCTION	5
1 HYBRIDIZATION SYSTEMS	5
1.1 Classification of hybrids	5
1.2 Individual components of hybrid systems	6
1.3 Hybrid systems for forestry harvesting machines	7
1.4 Author's contributions	9
2 USE OF ELECTRO-HYBRID MACHINES IN FORESTRY	9
2.1 Use of conventional machines in forestry	9
2.2 Defining of electro-hybridization potential	11
2.2.1 Primary calculation	12
2.2.2 Secondary calculation	14
2.3 Author's contributions	18
3 ASSESSMENT OF USING ELECTRO-HYBRIDIZED MECHANIZATION IN FORESTRY 19	
3.1 Advantages of electro-hybridized mechanization	19
3.2 Disadvantages of electro-hybridized mechanization	20
3.3 Author's contributions	22
4 CONCLUSION	23
5 REFERENCES	23
ABSTRACT	38
