

## CONTENTS

|  | PAGE    |
|--|---------|
| 1. HOMOGENEOUS HYDROGENATION CATALYSTS IN ORGANIC SYNTHESIS                                |         |
| <i>Arthur J. Birch and David H. Williamson</i> . . . . .                                   | 1       |
| 2. ESTER CLEAVAGES VIA S <sub>N</sub> 2-TYPE DEALKYLATION                                  |         |
| <i>John E. Mc Murry</i> . . . . .  | 187     |
| 3. ARYLATION OF UNSATURATED COMPOUNDS BY DIAZONIUM SALTS (THE MEERWEIN ARYLATION REACTION) |         |
| <i>Christian S. Rondestvedt, Jr.</i> . . . . .   | 225     |
| 4. SELENIUM DIOXIDE OXIDATION  |         |
| <i>Norman Rabjohn</i> . . . . .  | 261     |
