

## CONTENTS

CHAPTER	PAGE
1. Foundry Practice	1
2. Pattern Work	39
3. Metal Casting	67
4. Special Casting Methods	95
5. Plastic Molding	122
6. Heat Treatment of Steel	151
7. Powder Metallurgy	184
8. Welding and Allied Processes	196
9. Hot Forming of Metals	244
10. Cold Forming of Metals	267
11. Inspection-Measuring Instruments and Gages	310
12. Lathes and Lathe Tools	347
13. Threads and Thread Cutting	377
14. Shapers and Planers	402
15. Drilling and Boring Machines	420
16. Milling Machines and Cutters	448
17. Gears and Gear-Cutting Machines	472
18. Metal Sawing	502
19. Broaching Machines and Tools	518
20. Turret and Automatic Lathes	540
21. Abrasives, Grinding Wheels, and Grinding Machines	577
