

INDEX TO SECTIONS FOR QUICK REFERENCE

USE THE THUMB TABS

	SECTION
Units and Conversion Factors.....	1
Electric and Magnetic Circuits.....	2
Measurements.....	3
Properties of Materials.....	4
Circuit Elements.....	5
Transformers, Regulators, and Reactors.....	6
Alternating-current Generators and Motors.....	7
Direct-current Generators and Motors.....	8
Rectifiers and Converters.....	9
Prime Movers.....	10
Power Economics.....	11
Power System Electrical Equipment.....	12
Power Transmission.....	13
Power Distribution.....	14
Wiring Design—Commercial and Industrial Buildings.....	15
Illumination.....	16
Industrial and Commercial Power.....	17
Electric Heating and Welding.....	18
Electricity in Transportation.....	19
Electrochemistry and Electrometallurgy.....	20
Batteries.....	21
Wire Telephony and Telegraphy.....	22
Electronics and Electron Tubes.....	23
Radio, Radar and Carrier Communication.....	24
Codes and Standard Practices.....	25
Electrophysics.....	26
