

CELEBRATING 20 YEARS OF
PARKER J. PALMER'S CLASSIC WORK

"This is the best education book I've read in a long time. Palmer provides a powerful argument for the need to move from our over-reliance on technique toward a learning environment that both honors and truly develops the deepest human capacities in children and teachers. It's about time we remember that it's the person within the teacher that matters most in education, and Palmer makes the case eloquently."

—*Teacher Magazine*

"If teaching is just a chore, and you are content to just 'do chores,' this book is not for you. You will be challenged to go beyond the minimum and pursue excellence. But rather than approaching teaching as something we just tolerate, Parker Palmer holds out the promise of it being something we can celebrate."

—*Academy of Management Review*

"Parker Palmer is a teacher's teacher, and it is when he writes as a teacher that this book is a remarkably inspiring, almost religious companion for anyone who has taught or might be thinking about teaching as a vocational journey for life.... This book can change your life if you are a teacher."

—*Religious Education*

"Through a series of vignettes, Palmer encourages reflection, and strives to bolster readers' initiative and confidence. *The Courage to Teach* is an awakening, and a gentle, directive touch that reaches out to teachers of all levels and ages."

—*Childhood Education*

"To go on this journey with Parker Palmer into the uncharted territory of 'the self' in teaching is not only to experience the joy of viewing teaching from a thrilling new perspective. It is also to be in the presence of a great teacher who, by sharing himself so openly and honestly, engages us in the very kind of teaching he so eloquently describes."

—**Russell Edgerton**, former director of educational programs, Pew Charitable Trusts, and past president, American Association for Higher Education
