VI Housing Tenure: A Determinant of Innovations in the Supply of Housing Options for the Elderly and People with Disabilities?	87
Introduction	87
The Western European Housing Context	88
The Post-Socialist Housing Context	90
Data and Data Categories	92
Hypotheses and Research Methods	98
Main Findings	100
Conclusions	106
VII Innovations in Social Care Services: Understanding the Context of Social Care	109
Introduction	109
Social Policy Background: Changing Care Policies for the Elderly in the CE Countries	110
The Diversity of Social Care Services across the CE Countries	111
The Availability of Basic Types of Services	112
Variability in the Selection of Social Care Services	113
Implications for the Models of Systems of Social Care Services	115
Defining the Explanatory Model and Hypotheses	116
Setting the Scene: Dimensions of Social Care Systems across the CE Countries	117
Demand for Social Care Services	117
Available Financial Resources	121
The Explanatory Model: Methods and Results	123
Results of the Analysis	124

A Complex Model of Contextual Factors Influencing the Type of System of Social Care Services	127
Conclusions	130
VIII Best Practices: Differences and Common Denominators	133
Introduction	133
Selected Findings from a Comparison of Practices	133
Types of Actors and the Scope of Best Practices	134
The Structure of Management	135
Participation of the Elderly in the Design and Implementation of Best Practices	138
The Effectiveness of Best Practices	138
Financial Sustainability	140
The Structure of Financial Sources	140
The Strengths and Weaknesses of Best Practices	143
Conclusions	144
IX Recommendations	147
General Policy Recommendations	147
Housing Policy Recommendations	147
Social Policy and Social Care Recommendations	149
Recommendations for the Implementation of Particular Practices in Social Care and Housing for the Elderly and People with Disabilities	151
