

Content

Mikuláš Alexík	
History of simulation on University of Zilina.....	1
Jiří Douša, Hana Kubátová, Karel Richta, Miroslav Šnorek	
Using modeling and simulation techniques at the Department of Computer Science and Engineering (Czech Technical University in Prague - Faculty of Electrical Engineering).....	2
Petr Grillinger, Pavel Herout, Jaroslav Kačer, Stanislav Racek, Jiří Šafařík	
A Survey of Research Activities in the Area of Modeling and Simulation at the UWB/DCS.....	5
Zdena Rábová et al.	
Modelling and Simulation Education and Research at Faculty of Information Technology (FIT), Brno University of Technology (BUT).....	9
Mikuláš Alexík	
Modelling and Identification of Eye-Hand Muscular Motion Dynamic by Human/Vehicle Interaction	12
Samuel Alexík	
Modification of adaptive marsik algorithm.....	23
Pavel Herout, David Hartman	
Object-Oriented Modification of Cellular Automata Model for Urban Traffic Simulation.....	28
Martin Hrubý, Radek Kočí, Zdena Rábová	
The Heterogeneous Modelling Methods and Tools	40
Vladimír Janoušek, Radek Kočí	
PNTalk Project: Current Research Direction	50
Antonín Kavička, Valent Klíma	
ABASim : Agent-Based Architecture of Simulation Models.....	63
Eugene Kindler	
Nested and Reflective Simulation: Principles and Applications.....	73
Pavel Kordík, Miroslav Šnorek	
Group of Adaptive Models Evolution (GAME).	79
Dušan Marček, Milan Marček	
Comparison of additive, econometric and state space models for time and savings deposits of households	93
Dalibor Procházka, Ladislav Havelka, Vladimír Vráb	
Simulation in Military Training	104
Viliam Solčány, Jiří Šafařík	
Cumulative Lookahead in Conservative Parallel Simulation.....	112
Milan Sopata, Miloš Soták, Róbert Bréda	
Missile Systems Education using Simulation Environment.....	119
Dagmar Spíralová	
Use of Chen's algorithm for the time series forecasting	125
Jiří Ulrich, Jiří Douša	
SIMCP_PAR2: Event Oriented Parallel And Pseudo-Parallel Simulator	132
Jiří Weinberger	
Steep Steps to Optimization of Simulation Models	142
