<i>Foreword</i>	xv
Chapter 6 History, Present and Prospect of Kampo Medicine	395
<i>Togo Toshihiro, Makino Toshiaki</i>	
Introduction	396
6.1 History of Kampo Medicine	397
6.1.1 Ancient era	397
6.1.2 Medieval age	399
6.1.3 Meiji restoration	408
6.1.4 After the World WarII	415
6.2 Current status of Kampo Medicine	426
6.2.1 National healthcare system and integration of traditional medicine into national healthcare	426
6.2.2 Insurance coverage of kampo medicine/acupuncture and moxibustion	426
6.2.3 Licensure system, training, and education	427
6.2.4 Trade and Product	429
6.2.5 Academic societies and research centers for Kampo Medicine	430
6.2.6 Overseas Communication: Academic Symposium and Conference	436
6.2.7 Japan’s contribution to international standardization of traditional medicine	439

6.3 Challenges and prospect of Kampo Medicine	442
References	444
Chapter 7 History, Present and Prospect of Korean Medicine	447
<i>Byungmook Lim, Byunghee Koh, Yongsuk Kim, Yunkyung Kim, Youngju Yun</i>	
Introduction	448
7.1 History of Korean Medicine	451
7.1.1 Ancient times to unified silla era	451
7.1.2 Goryeo dynasty	452
7.1.3 Early and mid-Joseon dynasty period	453
7.1.4 Late Joseon dynasty to Japanese colonial period	455
7.1.5 1945 to present	457
7.2 Components of Korean Medicine	460
7.2.1 Acupuncture therapy	460
7.2.2 Moxibustion	464
7.2.3 Cupping	465
7.2.4 Herbal medicine therapy	465
7.2.5 Herbal acupuncture therapy (pharmacopuncture)	466
7.2.6 Chuna manual therapy	467
7.2.7 Sasang Constitutional Medicine	468
7.3 Legal status and administration of Korean Medicine	471
7.3.1 Overview of the healthcare system in Korea	471
7.3.2 Legal status and administrative body for Korean Medicine	474
7.3.3 National development plans for Korean Medicine	476
7.3.4 Policies on Korean Medicine services	477
7.3.5 Policies and regulations on herbal medicines	487
7.4 Resources and utilization of Korean Medicine	492
7.4.1 Human resources	492
7.4.2 Hospitals, clinics, and pharmacies, etc.	494
7.4.3 Usage of Korean Medicine services	495
7.5 Education in Korean Medicine	498
7.5.1 Overview	498
7.5.2 Education system for Korean Medicine doctor	500

7.5.3 Education system for herbal pharmacist	503
7.5.4 Clinical specialist education	504
7.5.5 Continuing medical education in Korean Medicine	506
7.5.6 Accreditation and evaluation of education for Korean Medicine institutions	507
7.6 Korean Medicine in health security system	508
7.6.1 National health insurance and Korean Medicine	508
7.6.2 Other medical guarantees and Korean Medicine	515
7.6.3 Patient classification system in Korean Medicine	516
7.7 Industry and R&D of Korean Medicine	517
7.7.1 Overview	517
7.7.2 Korean Medicine industry	519
7.7.3 Research & development of Korean Medicine	522
7.8 Future directions for Korean Medicine	526
7.8.1 Improving reliability of Korean Medicine through scientific evidence accumulation	527
7.8.2 Innovating Korean Medicine education	527
7.8.3 Expanding health insurance coverage for Korean medicine	528
7.8.4 Enhancing the Korean Medicine-Western Medicine co-practice	529
7.8.5 Promoting Korean Medicine industry and R&D	530
