

Table of Contents

Preface	XV
----------------------	----

Chapter 1

Seeds of Intelligence: Generative AI and the Rise of Collaborative Robots in Agriculture 6.0	1
---	---

Lingala Thirupathi, Sreenidhi Institute of Science and Technology, India

Mamatha Bontha, Keshav Memorial Engineering College, India

Ravi Aavula, Anurag University, India

K. Sreerama Murthy, Koneru Lakshmaiah Education Foundation, India

*Vinay Kumar Nyatha, Sreenidhi Institute of Science and Technology,
India*

Santhosh Reddy Thuraga, Quantiphi, USA

Chapter 2

A Study on Integrating Generative AI and Collaborative Robots to Provide Smart Agricultural Support	25
--	----

Sowmya Pasham, Botho University, Botswana

Jagadeshwari Puttanapura, University of South Alabama, USA

*C. Kishor Kumar Reddy, Stanley College of Engineering and
Technology for Women, India*

Shikha Khullar, Poornima University, India

Jothi Paranthaman, Botho University, Botswana

Chapter 3

AI-Driven Collaborative Robotics in Agriculture: Optimizing Soil and Crop Yield	57
--	----

*Md. Shoeab Akhter, International University of Business Agriculture and
Technology, Bangladesh*

Israt Jahan, East West University, Bangladesh

Mahima Tasnim, Underwood University, USA

*M. Shohidullah Miah, International University of Business, Agriculture,
and Technology, Bangladesh*

*A. J. M. Sirajul Karim, International University of Business, Agriculture,
and Technology, Bangladesh*

Chapter 4

Exploring the Technical Foundations and Integration Strategies of Generative AI Within Collaborative Robotics Systems 89

Laya Billinty Varra, Stanley College of Engineering and Technology for Women, India

Jagadeshwari Puttanapura, University of South Alabama, USA

C. Kishor Kumar Reddy, Stanley College of Engineering and Technology for Women, India

Shikha Khullar, Poornima University, India

Ghita Lazrek, Lab LIASSE, ENSA, Université Sidi Mohamed Ben Abdellah, Fez, Morocco

Jothi Paranthaman, Botho University, Botswana

Chapter 5

Overcoming Modern Farming Challenges With Automation Technologies 111

Rupayan Roy, National Institute of Fashion Technology, Kannur, India

Nambiar Arya Rajesh, National Institute of Fashion Technology, Kannur, India

Ayona Padhi, National Institute of Fashion Technology, Kannur, India

Mohana Priya R., National Institute of Fashion Technology, Kannur, India

Chapter 6

From Data to Harvest: How AI and IoT Are Shaping the Future of Farming ... 141

Lingala Thirupathi, Sreenidhi Institute of Science and Technology, India

Suman Dabbu, Osmania University, India

Manvitha Pola, Sreenidhi Institute of Science and Technology, India

Shyam Sunder Pabboju, Mahatma Gandhi Institute of Technology, India

Deva Rajashekar, Anurag University, India

Hari Chandra Prasad Cheerla, Saint Louis University, USA

Chapter 7

Role of AI and IoT in Smart Farming 169

G. Muthupandi, Chennai Institute of Technology, India

N. Rathinavel Subramanian, Chennai Institute of Technology, India

S. Jawagar, Chennai Institute of Technology, India

Angamuthu A., Chennai Institute of Technology, India

S. Pavithra, Chennai Institute of Technology, India

Chapter 8

Generative AI in Practice: From Core Principles to Real-World Use..... 203

Basudha Dewan, Manipal University Jaipur, India

Sabyasachi Bhattacharyya, Barak Valley Engineering College,

Residential Girls' Polytechnic, Golaghat, India

Ishu Sharma, Chandigarh Group of Colleges Jhanjeri, Mohali, India

Ehsan Sheybani, University of South Florida, Tampa, USA

Chapter 9

Agriculture 6.0: Advancing Intelligent and Sustainable Agriculture Through the Convergence of IoT and Machine Learning..... 225

Madiha Munawar, Stanley College of Engineering and Technology for Women, India

T. Monika Singh, Annamalai University, India

Shugufta Fatima, Annamalai University, India

R. Madana Mohana, Stanley College of Engineering and Technology for Women, India

Anindya Nag, Northern University of Business and Technology, Khulna, Bangladesh

Chapter 10

Revolutionizing Agriculture and Industries With Smart Solutions: Case Studies on the Transformative Impact of IoT and Machine Learning 257

Laya Billinty Varra, Stanley College of Engineering and Technology for Women, India

T. Monika Singh, Annamalai University, India

Shugufta Fatima, Annamalai University, India

B. V. Ramana Murthy, Stanley College of Engineering and Technology for Women, India

Hitesh Manapragada, California State University, USA

Chapter 11

Enhanced Semantic Segmentation for Identifying Plant Leaf Disease: A Deep Learning Approach 281

N. Sasikaladevi, SASTRA University, India

S. Surekaa, SASTRA University, India

Dhivyabharathi A. J., SASTRA University, India

Chapter 12
Improving Soil Health and Crop Yields With Artificial Intelligence:
Innovations, Impacts, and Implementation 313
 Ria Ghosh, University of Delhi, India
 Rajeev Kumar, Independent Researcher, USA

Chapter 13
Innovations and Challenges in Smart Agriculture: A Case Study on IoT and
Machine Learning Applications..... 341
 Jagadeshwari Puttanapura, University of South Alabama, USA
 T. Monika Singh, Annamalai University, India
 Shugufta Fatima, Annamalai University, India
 *R. Madana Mohana, Stanley College of Engineering and Technology for
 Women, India*
 *Anindya Nag, Northern University of Business and Technology, Khulna,
 Bangladesh*
