(D13) Karpov – Unzicker 1974	388
(D14) Artemiev – Hráček 2019	392
Glossary	403
About the Authors	411

As the time I have been working with Suail, I cannot count how often people have commented that *Best Lessons of a Chess Coach* is among their top two or three books because of how much they learned. So, without further ado, this new edition is for them, and for the many younger generations of chess players who would love to have a lesson from one of our nation's most successful chess coaches. Turn the page, class is about to begin.

Robert McLeish
Editor, Best Lessons of a Chess Coach: Extended Edition
