PART ONE: INSTITUTIONAL AND APPLIED

Chapter 1 Population

Stage I

1 General	3
2 The Rate of Population Growth	5
<i>a</i> Birth-rates, death-rates, natural increase; migration and actual or net increase; <i>b</i> Marriage, family size, fertility and reproduction rates	
3 Age and Sex Distribution	13
4 Economic Results of a Changing Population	19
<i>a</i> Changing size; <i>b</i> Changing age distribution; <i>c</i> Optimum population	
5 British Population Forecasts	23
6 Geographical Distribution	25
7 Occupational Distribution	31
8 Further Reading and Sources	44
9 Past Examination Questions	45

Stage II

1 World Population Prospects	47
2 Further Reading and Sources	56
3 Past Examination Questions	56

Chapter 2 Location, Structure and Organisation of Industry

Stage I

1 Expanding and Declining Industries During the Interwar Period	58
2 Factors Influencing Location	60
3 Location of Industry in Britain	62
4 Location of Industry Policy	66
5 Further Reading and Sources	79
6 Past Examination Questions	80

Stage II

1 Measurement of Location and Localisation	82
2 Location Patterns and 'Movement' of Industry	88
	xi

COMPREHENSIVE ECONOMICS

3 Localisation of Industry	89
4 Sub-localisation within an Area	90
5 Structural Definitions	91
6 Location, Investment Intensity and Size of Plant	93
7 Efficiency, Size and Growth of Plants and Firms	98
8 Reasons for the Continued Existence of the Small Firm	103
9 Integration and Standardisation	105
10 Advantages of Different Plants and Firms	109
11 Evidence of Monopolistic Concentrated Control	111
12 Summary	113
13 Scheme for Appraisal and Comparison of the Location, Structure and Organisation of Industries	116
14 Further Reading and Sources	116
15 Past Examination Questions	117

Chapter 3 Some Major Industries

THE COAL INDUSTRY

Stage I

1 Technical Background	119
2 History and Development	120
3 Location	122
4 Changes in Location of Production	126
5 Further Reading and Sources	128

Stage II: Structure and Organisation

1 Interwar Problems, Combination and State Intervention	128
2 Structure of the Industry	131
<i>a</i> Number and size of plant; <i>b</i> Concentration of production	
3 Administrative Organisation	132
4 Price Policy	133
5 The Main Users of Coal	135
6 Further Reading and Sources	136

THE IRON AND STEEL INDUSTRY

Stage I

1 Technical Background	137
2 History and Development	139
3 Location	142
4 Changes in Location of Production	148
5 Sources of Imported Ore	149
6 Further Reading and Sources	149

Stage II: Structure and Organisation

1 Protection and Public Policy	150
2 Structure of the Industry: Number and Size of Plant	152
3 Administrative Organisation	153
4 Price Policy	158
5 The Main Users of Steel	161
6 Further Reading and Sources	163

AGRICULTURE

Stage I

1 Background	163
2 Recent Developments	164
3 Location of Agricultural Production	168
4 Further Reading and Sources	172

Stage II: Structure and Organisation

1 The Increasing Rôle of the State	174
2 The Structure of Production: Number and Size of Farms	177
3 Administrative Organisation	179
4 The Impact of the Common Market	184
5 Further Reading and Sources	188

THE MOTOR INDUSTRY

Stage I

1 Technical Background	189
2 History and Development	191
3 Location of the Motor Vehicle Industry	196
4 Further Reading and Sources	201

Stage II: Structure and Organisation

1 Standardisation and Integration	202
2 Structure of the Industry: Number and Size of Plant	206
3 Administrative Organisation	208
4 The Emerging Pattern of the World Motor Industry	210
5 Further Reading and Sources	216

THE TEXTILE INDUSTRY

Stage I

1 Technical Background	217
2 History and Development: Cotton	221
3 History and Development: Woollen and Worsted	226
4 Location of the Cotton Industry	228
<i>a</i> General; <i>b</i> Specialisation within the Lancashire area; <i>c</i> Sources of raw cotton imports	
5 Location of the Woollen and Worsted Industry	231
<i>a</i> General; <i>b</i> Regional specialisation; <i>c</i> Sources of raw wool imports	
6 Further Reading and Sources	233

Stage II: Structure and Organisation

1 The Cotton Industry	234
<i>a</i> Structure of the Industry: Number and Size of Plant	
<i>b</i> Administrative Organisation	
2 The Woollen and Worsted Industry	243
<i>a</i> Structure of the Industry: Number and Size of Plant	
<i>b</i> Administrative Organisation	
3 Further Reading and Sources	248

THE SHIPBUILDING INDUSTRY

Stage I

1 Technical Background	249
2 History and Development	253
3 Location of the Shipbuilding Industry	261
<i>a</i> Early days; <i>b</i> Iron and steam	
4 Further Reading and Sources	266

Stage II: Structure and Organisation

1 Structure of the Industry: Number and Size of Plant	266
2 Administrative Organisation	268
3 Further Reading and Sources	274

PAST EXAMINATION QUESTIONS IN VARIOUS INDUSTRIES:

Stage I	275
---------	-----

Stage II	276
----------	-----

THE CHANGING STRUCTURE OF THE ECONOMY

Stage II

1 Changes in the Relative Importance of the Main Industrial Groups	276
2 Relative Importance of Some Major Industries	290
3 Further Reading and Sources	298
4 Past Examination Questions	299

Chapter 4 Concentration of Control and Public Policy

Stage II

(Chapter 4 has no Stage I)

1 Introduction	300
2 Forms of Combination and Association	303
<i>a</i> Local and national trade associations; <i>b</i> International cartels; <i>c</i> Combines, trusts or mergers	
3 Aims of Social Policy in the Face of Dangers of Monopolistic Concentration	329
<i>a</i> Dangers of monopoly power; <i>b</i> Alternative policies of Reform, Change or Overall Government Economic Planning, Supervision and Intervention; <i>c</i> Summary	
4 Further Reading and Sources	379
5 Past Examination Questions	383

Chapter 5 International Trade

Stage I

1 Special Characteristics of International Trade	385
2 The Law of Comparative Costs	385
3 Ratio of Exchange	388
4 Complications	389
5 Advantages of International Trade on the Basis of Comparative Costs	389
6 Terms of Trade	390
7 Freedom of Trade and Restrictions on Trade	391
8 Forms of Protection or Restrictions on Trade	393

9 Multilateral and Bilateral Trade	396
10 Bulk Purchase	397
11 Government Promotion of International Trade	398
12 United Kingdom Visible Imports and Exports	400
13 Balance of Trade and Balance of Payments	407
14 International Trade, Aid and Monetary Cooperation	417
<i>a</i> Sterling Area; <i>b</i> Bretton Woods Agreement and international liquidity; <i>c</i> Bretton Woods and international development; <i>d</i> International Trade Organisation and G.A.T.T.; <i>e</i> United Nations Conference on Trade and Development; <i>f</i> Food and Agriculture Organisation; <i>g</i> O.E.E.C. and O.E.C.D.; <i>h</i> Common Market (E.E.C.)	
15 Further Reading and Sources	434
16 Past Examination Questions	436
Stage II	
1 Further Development of Comparative Costs, Opportunity Costs, Relative Factor Endowment and Exchange Ratios	438
2 Foreign Exchange Rates	448
3 Economic Policy for Balance of Payments and Employment Problems with a Fixed Exchange Rate	462
4 Further Reading and Sources	465
5 Past Examination Questions	465

Chapter 6 Money, Banking and the Capital Market

Stage I

1 Barter and Money	468
2 Functions of Money	469
3 Properties of Money	469
4 Forms of Money	469
5 Quantity of Money and Value of Money	473
6 Effects of Changes in the Value of Money	480
<i>a</i> Level of economic activity; <i>b</i> Distribution of the National Income	
7 Inflation	482
8 Measurement of Changes in the Value of Money – Price Index Numbers	485
9 Origins and Development of the Banking System	490
10 The Creation of Credit	494
11 Other Banking Functions	497
12 Structure of the Banks' Assets and Liabilities	498
13 The Bank of England	502
14 The Money Market	514
15 The Stock Exchange	518
16 The Capital Market	521
<i>a</i> Trustee Savings Banks, the National Savings Bank and the National Savings Movement; <i>b</i> Co-operative Banks; <i>c</i> Finance companies; <i>d</i> Finance corporations; <i>e</i> Building societies; <i>f</i> Issuing houses and the New Issue Market; <i>g</i> Investment trusts and Unit trusts; <i>h</i> Insurance companies; <i>i</i> The Euro-capital Market	

COMPREHENSIVE ECONOMICS

17 Further Reading and Sources	533
18 Past Examination Questions	534

Stage II

1 The Radcliffe Report on the Working of the Monetary System	537
2 The Money Debate: Controversy over the Rôle of Money	540
3 Post-Radcliffe Flexibility in Monetary Controls	547
4 Technique of Altering the Fiduciary Issue	553
5 Technical Aspects of Open Market Operations	554
6 Speculative Liquidity Preference, Interest Rates and the Level of Income	556
7 Practical Application of the Cambridge Formula: Money, Income, Interest Rates and Yields	560
8 The Connection between Interest Rates, Anticipated Dividends and the Market Prices of Equities: Practical Application	561
9 The Yield Gap	567
10 Further Reading and Sources	572
11 Past Examination Questions	573

Chapter 7 Public Finance

Stage I

1 Introduction	576
2 Main Constituents of Public Expenditure and Revenue	576
3 Central Government (Exchequer) Finance: the Budget	580
4 Local Authority Finance	585
<i>a</i> General: revenue and expenditure; <i>b</i> The rating system	
5 Taxation: Theory and Practice	589
<i>a</i> Objectives; <i>b</i> Principles; <i>c</i> Fiscal definitions; <i>d</i> The principal budgetary taxes; <i>e</i> The overall burden of taxation	
6 The National Debt	613
7 Further Reading and Sources	617
8 Past Examination Questions	619

Stage II

1 The Growth in Public Spending	621
2 The Economic Effects of Taxation	633
3 Further Reading and Sources	651
4 Past Examination Questions	653

Chapter 8 Stages in the Flow of Goods and Services to the Final Consumer

1 Channels of Distribution	655
2 Retail Trade and Recent Developments	657
3 Wholesale Trade	685
4 Specialised Commodity Markets	688
5 Further Reading and Sources	689
6 Past Examination Questions	690
<i>(Chapter 8 has no Stage II)</i>	

PART TWO: ANALYTICAL AND APPLIED

(Available as a separate paperback)

Chapter 9 Major Divisions of Economic Theory	695
Chapter 10 Theory of Production	
Stage I	697
Stage II	777
Chapter 11 Theory of Value or Price	
Stage I	793
Stage II	
A. GENERAL TOPICS ON PRODUCTION AND PRICE THEORY: APPLICATIONS OF SUPPLY AND DEMAND ANALYSIS	837
B. INDIFFERENCE CURVE AND REVEALED PREFERENCE ANALYSIS: EQUILIBRIUM OF THE CONSUMER	869
C. PRICE AND QUANTITY DECISIONS UNDER DIFFERENT MARKET STRUCTURES: THEORY OF THE FIRM AND THE INDUSTRY	903
D. APPLICATIONS OF THEORY OF THE FIRM ANALYSIS	956
Chapter 12 Theory of Income Distribution: Fluctuations and Employment Levels	
Stage I	
A. FACTOR EARNINGS	973
B. THE NATIONAL INCOME	978
C. UNEMPLOYMENT	999
Stage II	
A. THEORY OF FACTOR EARNINGS AND INCOME DISTRIBUTION	1010
B. ECONOMIC GROWTH	1052
C. FLUCTUATIONS IN THE LEVEL OF ECONOMIC ACTIVITY (THE INCOME FLOW) AND EMPLOYMENT	1081

INDEX
