LIST OF FIGURES

1.1	Bronfenbrenner's ecological systems approach	9
1.2	A timeline showing some of the key dates in psychology and education	14
1.3	An example of a Kaggs seating plan	17
2.1		25
2.2		27
3.1	Diagram of interdisciplinary enquiry (adapted from Keyser et al., 1978)	32
3.2	Different diagnoses which encompass developmental disorder and disability	57
3.3	Continuum of observational research (adapted from Gold, 1958)	68
4.1	Experiment with an independent measures design	77
4.2	Experiment with a repeated measures design and counterbalancing	77
4.3	A positive correlation	79
4.4	A negative correlation	79
5.1	Erikson's eight ages of man based on the stages outlined in Erikson and Erikson (1998). The inner, middle and outer circles are used to depict the task, strengths, developmental crises and core pathologies for each stage respectively	117
5.2	Attachment Aware Schools model reproduced from Rowe et al. (2014)	123
5.3	Example of a socio-ecological approach to manage a child who is having angry outbursts in school adapted with permission from Hart et al. (2019)	126
5.4	Kohlberg's theory of moral development adapted from Kohlberg (1975). The boxes on the right provide examples of how each stage might present within a school setting	129
6.3	Selman's theory of perspective taking (Selman, 1973)	134
7.1	Summary of Piaget's four stages of cognitive development	143
7.2	The zone of proximal development (ZPD)	148
