PART 1	
Introducing Artificial Intelligence in Early Childhood	1
1 Bringing AI into Early Childhood: Challenges, Strengths, and Activities	3
RACHELLE DENÉ POTH	
2 The Impact of Artificial Intelligence on Early Childhood Education: Benefits, Challenges, and Ethical Considerations in Higher Education	21
ANNIE WHITE AND LAUREN CHASE	
3 AI and the Early Childhood Administrator	40
ROBYN KELTON AND KIMBERLEE BURT-HENDRICKS	

PART 2	
Integrating AI into Early Childhood Curriculum	65
4 The Use of AI Robotic Toys (IoToys) to Support Learning and Play	67
MARIA DARDANO, IOANNA PALAIOLOGOU, AND SARIKA KEWALRAMANI	

5	Demystifying AI for Young Learners: Curriculum and Strategies for Early Childhood Education	90
	JOOHI LEE	

6	Integrating Generative Artificial Intelligence (GenAI) for Leveraging Early Literacy Instruction: A High-Leverage Teaching Practice (HLTP) Approach	103
	CHENYI ZHANG, LAUREN ELIZABETH MARGULIEUX, AND NOOSHIN HADDADIAN	

PART 3

	Engaging Early Childhood Students in Playful Hands-On Applications with Artificial Intelligence	125
--	--	------------

7	Using Social Robots to Teach AI to Preschool Children	127
	RANDI WILLIAMS	

8	Thinking with KIBO: An Early Childhood Introduction to Artificial Intelligence	147
	JASON INNES	

9	Teaching Fundamentals of AI Using Bee-Bot Floor Robots	172
	G. MICHAEL BOWEN, MICHAEL PIN-CHUAN LIN, AND AMY M. WILLISON
