	PAGE
PREFACE,.....	3
LESSON I, Introduction.	7
LESSON II. General Construction of the Piano and Something of its Evolu- tion and History,.....	11
LESSON III. Technical Names and Uses of the Parts of the Upright Action,..	20
LESSON IV. Action of the Square Piano. Action of the Grand Piano. In- structions for Removing the Square and Grand Piano Actions,..	32
LESSON V. Regulating and Repairing. Faults in Pianos aside from the Action and their Remedies. Regulating and Repairing the Up- right Action,.....	43
LESSON VI. Regulating and Repairing the Square Action. Miscellaneous Repairs,.....	56
LESSON VII. The Study and Practice of Piano Tuning,.....	66
LESSON VIII. The Temperament. Beats, Waves, Pulsations. The New System of Temperament. The Octave. The Fifth. Pitch. Diagram of the Fischer System of Temperament,.....	72
LESSON IX. Specific Instructions in Setting Temperament. The Con- tinuous Mute,.....	85
LESSON X. Theory of the Temperament. Equal Temperament. Un- equal Temperament,.....	97
LESSON XI. Technique or Modus Operandi in Piano Tuning. Manipulation of the Tuning Hammer. Setting the Mutes or Wedges in the Upright Piano. Setting the Mutes or Wedges in the Square Piano,.....	109

LESSON XII.	PAGE
Mathematics of the Tempered Scale. Rationale of the Temperament. Proposition I,.....	126
LESSON XIII.	
Rationale of the Temperament, Concluded. Proposition II. Proposition III. Numerical Comparison of the Diatonic with the Tempered Scale. Various Mathematical Tables and Examples,.....	139
LESSON XIV.	
Miscellaneous Topics Pertaining to the Practical Work of Tuning. Cause of the Beats. Finishing up the Temperament. Tuning the Treble. Tuning the Bass. False Waves,.....	150
LESSON XV.	
Miscellaneous Items Pertaining to the Practical Work of Tuning, Regulating, and Repairing. Comparison of the Different Systems of Temperament. System A. System B. System C. Final Inspection. Loose Pins. Split Bridges. Stringing. Wire Splicing,.....	163
LESSON XVI.	
Tuning and Repairing the Reed Organ. Cleaning. Stops. Examination. Sticking Keys. Leaks. Pedal Defects. Sympathetic Vibrations. Tuning,.....	178
LESSON XVII.	
Practical Application of Piano Tuning as a Profession. Business Hints. Ideas in Advertising,.....	193
LESSON XVIII.	
Concluding Professional Hints. Peculiar Expressions Used in Designating Qualities of Tone. Questions often Asked the Piano Tuner. Seasons for Tuning. Charges for Services,.....	207
