[illegible]

145	2. Nodular Granulomatous Perifolliculitis of the Legs (Wilson)	205	2. Candidal Cheilitis
148	3. Extensive Granulomatous Dermatophyte Infection	207	3. Oral Candidiasis
149	4. Deep Generalized Dermatophytosis ("Maladie dermatophytique")	212	4. Esophageal Candidiasis
150	5. Dermatophytic Mycetoma	213	5. Gastric Candidiasis
151	6. Other Forms of Deep Dermatophytoses	213	6. Intestinal Candidiasis
		214	7. Candidiasis of the Biliary Tract and the Pancreatic Duct
		214	8. Anorectal Candidiasis
CHAPTER 16		CHAPTER 22	
153	The Dermatophytids	215	Candidal Intertrigo
159	<i>Bibliography</i>		
PART THREE		CHAPTER 23	
167	Yeasts and Yeast Infections	221	Genital Candidiasis
		221	1. Genital Candidiasis in Women
		224	2. Genital Candidiasis in Men
		224	a) Candidal Urethritis in Men
		225	b) Candidal Balanitis and Balanoposthitis
CHAPTER 17		CHAPTER 24	
169	General Remarks Concerning Yeasts and Yeast Infections	229	Candidiasis of the Genital and Gluteal Regions in Infants
169	Yeasts and Yeast-like Fungi	232	Granuloma Gluteale Infantum: What Is the Etiological Role of Candida?
172	Yeast Infections		
175	<i>Bibliography</i>	CHAPTER 25	
CHAPTER 18		237	Onychia and Paronychia (Paronychia) due to Candida
177	Pityriasis Versicolor	238	Candidal Onychomycosis of the Hands
189	<i>Bibliography</i>	240	Candidal Onychomycosis of the Feet
CHAPTER 19		CHAPTER 26	
191	Piedra	243	Chronic Mucocutaneous Candidiasis
191	1. White Piedra	CHAPTER 27	
193	2. Black Piedra	245	Candida Granuloma
197	<i>Bibliography</i>	CHAPTER 28	
CHAPTER 20		249	Septicemias due to Yeasts
199	General Remarks on Candidiasis	CHAPTER 29	
202	Table 4: Identification of Candida sp.	253	Candidiasis of the Viscera and Eyes
CHAPTER 21			
203	Candidiasis of the Oral Cavity and the Gastrointestinal Tract		
203	1. Angular Cheilitis		

CHAPTER 30
255 Levurids
259 *Bibliography*

CHAPTER 31
265 Cryptococcosis
269 *Bibliography*

PART FOUR
271 **The Systemic Mycoses**

CHAPTER 32
273 Blastomycosis
279 *Bibliography*

CHAPTER 33
281 Paracoccidioidomycosis
289 *Bibliography*

CHAPTER 34
291 Lobomycosis
295 *Bibliography*

CHAPTER 35
297 Histoplasmosis
303 *Bibliography*

CHAPTER 36
305 African Histoplasmosis
309 *Bibliography*

CHAPTER 37
311 Coccidioidomycosis
319 *Bibliography*

CHAPTER 38
321 Sporotrichosis
329 *Bibliography*

CHAPTER 39
333 Chromomycosis

341 *Bibliography*

CHAPTER 40
343 Rhinosporidiosis
347 *Bibliography*

PART FIVE
349 **Diseases due to "Opportunistic" Fungi**

CHAPTER 41
351 General Remarks on Opportunistic Fungi
353 *Bibliography*

CHAPTER 42
355 Aspergillosis
355 Clinical Forms
355 1. Aspergilloma
356 2. Allergic Bronchopulmonary Aspergillosis
357 3. Invasive Aspergillosis
357 4. Extrapulmonary Aspergillosis
361 *Bibliography*

CHAPTER 43
363 Otomycosis
367 *Bibliography*

CHAPTER 44
369 Mycotic Sinusitis
373 *Bibliography*

CHAPTER 45
375 Onychomycosis due to Opportunistic Fungi
379 *Bibliography*

CHAPTER 46
381 Geotrichosis
385 *Bibliography*

CHAPTER 47
387 Cladosporiosis
389 *Bibliography*

	CHAPTER 48		413	5. Disseminated and Generalized Erythrasma
391	Nodular Subcutaneous Mycosis		419	<i>Bibliography</i>
395	<i>Bibliography</i>			
	CHAPTER 49			
397	Tinea Nigra		421	Trichomycosis Axillaris
401	<i>Bibliography</i>		423	<i>Bibliography</i>
	CHAPTER 50			
403	Zygomycosis		425	Actinomycosis
403	Mucormycosis		431	<i>Bibliography</i>
405	Entomophthoroses			
405	1. Rhinofacial Conidiobolomycosis		433	CHAPTER 54
406	2. Basidiobolomycosis		438	Mycetomas
409	<i>Bibliography</i>		438	1. Nocardia asteroides
			438	2. Madurella mycetomi
			441	<i>Bibliography</i>
	PART SIX			
411	Various Diseases Caused by Nocardia, Actinomycetes and Certain Eumycetes		443	PART SEVEN
				Therapy
	CHAPTER 51			
413	Erythrasma			CHAPTER 55
413	1. Erythrasma of the Major Skin Folds		445	The Antifungal Agents
413	2. Erythrasma of the Toe Webs		449	<i>Bibliography</i>
413	3. Vesiculobullous Erythrasma of the Toe Webs and Sole		451	Glossary
413	4. Erythrasma of the Nails		455	Index
			467	Table of Contents
