

Contents

- 1 The Continuing Search for Mechanism
Graham V. Goddard
- 15 Kindling Mechanisms: The Evolution of the Burst Response
Versus Enhancement
Ronald Racine, Ed Kairiss, and Grant Smith
- 31 Amygdaloid Kindling in the Rat: Regional Differences and General
Properties
Gildas Le Gal La Salle
- 49 Kindling: Recent Studies and New Directions
Donald P. Cain
- 67 Catecholamine Involvement in Amygdala Kindling of the Rat
Dan C. McIntyre
- 87 Catecholamines and Kindling
Michael E. Corcoran
- 105 Dopaminergic Kindling and Electrical Kindling
Mitsumoto Sato and Motoi Okamoto
- 123 Repetitive Low-Intensity Electrical Stimulation of Cat's Nonlimbic
Brain Structures: Dorsal Raphe Nucleus Kindling
*Augusto Fernández-Guardiola, José Luis Jurado, and
José María Calvo*
- 137 Kindling and Sleep: A New Direction in the Search for Mechanism
M.B. Sterman and M.N. Shouse
- 149 Lidocaine-Kindled Limbic Seizures: Behavioral Implications
Robert M. Post
- 161 "Centrencephalic" Mechanisms in the Kindling Model
*W.M. Burnham, P. Albright, J. Schneiderman, P. Chiu,
and T. Ninchoji*
- 179 Spontaneous Kindled Motor Seizures in Rats
John P.J. Pinel

- 193 Epileptic Activation of Antagonistic Systems May Explain
Paradoxical Features of Experimental and Human Epilepsy:
A Review and Hypothesis
*Jerome Engel, Jr., Robert F. Ackermann, Sally Caldecott-
Hazard, and David E. Kuhl*
- 219 GABAergic Disinhibition and Reversible Secondary
Epileptogenesis in Man
*D.D. Daly, D.M. Daly, J.W. Drane, C. Pippenger,
J.C. Porter, and J.A. Wada*
- 235 Cortical Motor Activation in Amygdaloid Kindling: Observations
in Nonepileptic Rhesus Monkeys with Anterior Two-thirds
Callosal Bisection
J.A. Wada, T. Mizoguchi, and S. Komai
- 249 Is the Amygdaloid Neuron Necessary for Amygdaloid Kindling?
Y. Kaneko, J.A. Wada, and H. Kimura
- 265 Catecholamine and Cholinergic Systems and Amygdaloid Kindling
H. Kimura, Y. Kaneko, and J.A. Wada
- 289 Kindled and Electroshock Seizures Cause Increased Numbers of
Hippocampal Benzodiazepine Receptors
James O. McNamara, Anne M. Peper, and Vincent Patrone
- 295 Kindling in the Rat Hippocampus: Studies of Neurotransmitter
Mechanisms and Transfer Mechanisms
James L. Burchfiel
- 303 What is the Relevance of Kindling for Human Temporal Lobe
Epilepsy?
*R.E. Adamec, C. Stark-Adamec, R. Perrin, and
K.E. Livingston*
- 315 Chemical Kindling: A Study of Synaptic Pharmacology
C.G. Wasterlain, D. Masuoka, and V. Jonec
- 331 General Discussion
- 335 Bibliography
- 356 Subject Index
