

Contents

Preface / ix
Contributors / xi

1. **Treatment of Head and Neck Cancer: The Research and Patient Care Interaction / 1**
Stephen K. Carter, MD
2. **Current Progress in Head and Neck Cancer: The Wayne State University Experience / 13**
*Muhyi Al-Sarraf, MD, Julie A. Kish, MD,
John F. Ensley, MD, and Efsthios Tapazoglou, MD*
3. **The Significance of Pretreatment Identification of Prognostically Important Subgroups of Squamous Cell Cancers of the Head and Neck / 35**
*John F. Ensley, MD, Julie A. Kish, MD,
Efsthios Tapazoglou, MD, Zosia Maciorowski, and
Muhyi Al-Sarraf, MD*
4. **Squamous Cell Carcinoma: Progression and Invasion / 57**
*John D. Crissman, MD and
Richard J. Zarbo, MD, DMD*
5. **Problems in Staging: Prospects for Future Improvement / 66**
John R. Jacobs, MD and Muhyi Al-Sarraf, MD

6. **Problems with the Multiple Primary: Role of Endoscopy / 70**
Arthur W. Weaver, MD
7. **The Pathologist's Role in Diagnosis and Staging of Upper Aerodigestive Tract Carcinoma / 78**
Richard J. Zarbo, MD, DMD and John D. Crissman, MD
8. **The Modified and Radical Neck Dissection for Squamous Cell Carcinoma of the Upper Aerodigestive System / 98**
Lawrence W. DeSanto, MD and Oliver H. Beahrs, MD
9. **Laser Surgery in the Management of Head and Neck Cancer / 122**
Robert H. Ossoff, DMD, MD and James A. Duncavage, MD, FACS
10. **The Physiologic Basis of Reconstruction of the Head and Neck Cancer Defect / 136**
Martin C. Robson, MD
11. **Infections in Patients with Head and Neck Cancer / 145**
Lawrence R. Crane, MD, FACP
12. **Overview of Chemotherapeutic Agents with Activity in Cancer of the Head and Neck Region / 159**
Joseph R. Bertino, MD, Dennis Cooper, MD, Yu-Ming Chang, MD, and Laurie Smaldone, MD
13. **Curative Chemotherapy of Advanced and Disseminated Solid Tumors of Mice / 175**
Thomas H. Corbett, PhD, Billy J. Roberts, BS, Alfred J. Lawson, PhD, and Wilbur R. Leopold III, PhD
14. **Chemotherapy Before Definitive Local Treatment in Previously Untreated Advanced Head and Neck Cancer: A Critical Review / 193**
Steven E. Vogl, MD
15. **Recurrent Carcinoma of the Head and Neck: Therapeutic Concepts—1986 / 199**
Julie A. Kish, MD, John F. Ensley, MD, Efstathios Tapazoglou, MD, and Muhyi Al-Sarraf, MD
16. **Involvement of Polypeptide Growth Factors and Their Receptors in the Neoplastic Process / 212**
Toshiaki Kawakami, MD, PhD, Marc S. C. Cheah, Fernando Leal, PhD, Hisanaga Igarashi, PhD, Claire Y. Pennington, MS, and Keith C. Robbins, PhD

- 17. Chemoprevention in Head and Neck Cancer / 237**
Isaiah W. Dimery, MD and Waun Ki Hong, MD
- 18. The Radiobiology of Head and Neck Cancer / 248**
Stephen A. Sapareto, PhD
- 19. Radiosensitizers and Radioprotectors / 267**
Gisele Sarosy, MD and Frederick A. Valeriote, PhD
- 20. Principles and Clinical Results of Neutron Therapy of the Head and Neck / 303**
Frank R. Hendrickson, MD, K. R. Saroja, MD, and JoAnne Mansell, RN, PA
- 21. Clinical Results of Simultaneous Chemotherapy and Radiotherapy in Head and Neck Cancer / 321**
Karen K. Fu, MD
- 22. Irradiation and Hyperthermia in Treatment of Locally Advanced and Recurrent Head and Neck Tumors / 334**
Carlos A. Perez, MD, Bahman Emami, MD, Ronald S. Scott, MD, PhD, Ned B. Hornback, MD, Madeline Bauer, PhD, Mary Ann Hederman, BS, and Debbie VonGerichten, BS
- Index / 349**
