General Principles and Methods

HEYWOOD, V. H.: Principles and Concepts in the Classification of Higher Taxa	1
MEEUSE, A. D. J.: Delimitation of the Major Taxa of the Higher <i>Cycadophytina</i> : Theoretical Criteria Versus Taxonomic Practice	13
KUBITZKI, K.: Some Aspects of the Classification and Evolution of Higher Taxa	21
SPORNE, K. R.: Some Problems Associated With Character Correlations	33
CAGNIN, M. A. H., GOMES, C. M. R., GOTTLIEB, O. R., MARX, M. C., ROCHA, A. I. DA, G. F. DA SILVA, M. F. DAS, TEMPERINI, J. A.: Biochemical Systematics: Methods and Principles	53
CLIFFORD, H. T.: Quantitative Studies of Inter-relationships Amongst the <i>Liliatae</i>	77
BURTT, B. L.: Classification Above the Genus, as Exemplified by <i>Gesneriaceae</i> , With Parallels From Other Groups	97

Evolutionary Aspects and Taxonomic Evidence

GOTTWALD, H.: The Anatomy of Secondary Xylem and the Classification of Ancient Dicotyledons	111
PHILIPSON, W. R.: Ovular Morphology and the Classification of Dicotyledons	123
KRACH, J. E.: Seed Characters in and Affinities Among the <i>Saxifragineae</i>	141
BEHNKE, H.-D.: Transmission Electron Microscopy and Systematics of Flowering Plants	155
CRONQUIST, A.: On the Taxonomic Significance of Secondary Metabolites in Angiosperms	179
HEGNAUER, R.: Cyanogenic Compounds as Systematic Markers in <i>Tracheophyta</i>	191
GOTTSBERGER, G.: Some Aspects of Beetle Pollination in the Evolution of Flowering Plants	211
EHRENDORFER, F.: New Ideas About the Early Differentiation of Angiosperms	227

Evolution and Classification of Major Taxa

KENG, H.: <i>Phyllocladus</i> and Its Bearing on the Systematics of Conifers	235
DAHLGREN, R.: A Commentary on a Diagrammatic Presentation of the Angiosperms in Relation to the Distribution of Character States	253
HUBER, H.: The Treatment of the Monocotyledons in an Evolutionary System of Classification	285
THORNE, R. F.: Some Realignment in the <i>Angiospermae</i>	299
ENDRESS, P. K.: Evolutionary Trends in the <i>Hamamelidales-Fagales</i> -Group	321
BERG, C. C.: <i>Urticales</i> , Their Differentiation and Systematic Position	349
WAGENITZ, G.: New Aspects of the Systematics of <i>Asteridae</i>	375

Summary Lecture

MERXMÜLLER, H.: Summary Lecture	397
Index to Plant Taxa	406
Subject Index	414
