Curriculum vitae	87

I, Aleksandra Krasilnikova, thereby declare that I wrote the *Hypotonic extender-based cryomedia for freshwater fish sperm cryopreservation: efficacy and insights into mechanisms* of my own work or collaborative work of me and colleagues and with help of other people's resources which are properly cited.

I hereby declare that, in accordance with the § 47b Act No. 111/1998 Coll., as amended, I agree with publicizing of my Ph.D. thesis in full version electronically in a publicly accessible part of the STAG database operated by the University of South Bohemia in České Budějovice on its web sites, with keeping my copyright to the submitted text of this Ph.D. thesis. I also agree so that the same electronic way, in accordance with above mentioned provision of the Act No. 111/1998 Coll., was used for publicizing reviews of supervisor and reviewers of the thesis as well as record about the progress and result of the thesis defense. I also agree with comparing the text of my Ph.D. thesis with a database of theses "Theses.cz" operated by National Library of Science, Technology and Innovation in České Budějovice, Faculty of Science and Technology, University of South Bohemia in České Budějovice (with the summary in English and Czech).
