1.	**Introduction:** Position, Climate and Scenery; Man and Industry; Geological History; History of Research; Table of Formations	1
2.	**Pre-Devonian Rocks:** Pre-Cambrian? Rocks of Eddystone Reef and the Lizard; Ordovician and Silurian Rocks	14
3.	**Devonian Rocks:** Devonian? Rocks of Start Point and Dodman Point; Lower Devonian; Middle Devonian; Upper Devonian	21
4.	**Carboniferous Rocks:** Lower Carboniferous; Upper Carboniferous	34
5.	**Granites and Minor Intrusions:** Basic Rocks; Granite; Minor Acid Intrusions; Lamprophyres; Xenoliths; Alteration of the Granite; Contact Metamorphism	43
6.	**New Red Rocks:** Permian; Triassic; Rhaetic	52
7.	**Jurassic Rocks:** Lower Lias; Middle and Upper Lias	62
8.	**Cretaceous Rocks:** Gault; Upper Greensand; Chalk	66
9.	**Tertiary and Quaternary:** Eocene; Oligocene; Miocene; Pliocene; Pleistocene and Recent; Caves and Early Man	76
10.	**Economic Geology:** Mineralization and Mining; Clay; Stone; Sand and Gravel; Peat; Rock-salt and Gypsum; Coal, Pigment and Oil; Soils; Water Supply	85
	Appendix: Isotopic age-determinations of rocks of south-west England	*Facing* 106
	List of Geological Survey Maps and Memoirs, and selected Bibliography of Other Works dealing with the region	107
