Contents

I. OSTEOPOROSIS

Clinical Aspects of Osteoporosis
F. Kuhlencordt 3

Radiological Detection of Osteoporosis
F.H.W. Heuck 21

Remarks on the Diagnosis of Osteoporosis employing Iliac Crest Biopsies. Quantitative-morphometric Studies with the Aid of an Automatic Image Analysis System
F. Henschke, H.-J. Pesch 37

Idiopathic Juvenile Osteoporosis - Light- and Electronmicroscopic Findings in the Iliac Crest
H. Stöß, B.F. Pontz, A. Karbowski, H.-J. Pesch 45

Clinical Aspects of Measurements of Dual Photon Absorption in Healthy Persons and Patients suffering from Bone Mass Reduction
J. Semler 51

Magnetic Resonance Iamging of Bone Marrow: Effect of Osteoporosis and Age on Signal Intensity
K. Lehner, N. Rupp, M. Schweigart, H. Zacher, A. Heuck, H.J. Heller 57

Investigations on Age-dependent Bone Loss and on Bone Loss in Morbus Cushing - A Comparison
K.J. Münzenberg, H. Meßler, W. Rüther, E. Pilz, M. Gebhard 63

Combined Use of Vitamin D_3, Vitamin D_3 Metabolites and Vitamin C in Bone Metabolism
H. Weiser, M. Schlachter 71

Is the Castrated Female Rat a Model of Osteoporosis?
A. Enderle, U. Bosse, S. Nolte 77

Inhibition of Protein Synthesis and Amino Acid Transport by Dihydrotestosterone and 17ß-Estradiol in Chick Osteoblasts
H. Franck, F. van Valen, E. Keck, H.L. Krüskemper 87

II. OSTEOMALACIA

Clinical and Pathophysiological Aspects of Osteomalacia
H.-P. Kruse 95

Dialysis-Osteomalacia and Renal Osteodystrophy: Pathogenesis, Diagnostic and Clinical Problems
H.V. Henning 117

Relation between Internal Calcium Turnover, Serum Calcium Concentration and Mineralization of Bone: A Comparative Discussion
G. Wilhelm, T. Floren, C. Römer, E. Werner 147

Assessment of Stable Isotopes of Calcium for the Measurement of Intestinal Calcium Absorption
T. Floren, E. Werner 155

Osteomalacia in Turkish Immigrants
J. Semler, G. Delling 163

Synergistic Effects of $1,25(OH)_2D_3$ and $1,24,25(OH)_3D_3$ in Rachitic Chicken and Rats
W.A. Rambeck, H. Weiser, W. Meier, H. Zucker 169

Intestinal Absorption of Aluminium in Rats: Kinetics, Influence of the Uremic State and Simultaneous Administration of Fluoride
T.H. Ittel, H.-G. Sieberth, T. Eikmann, B. Buddington, N.L. Miller, A.C. Alfrey 175

Concentration Profiles of Zinc and Lead Along the Epiphyseal Growth Plate of Normal and Rachitic Piglets as Related to Activities of Esterases
P. Quint, J. Althoff, I. Harmeyer, K.-D. Richter, H.J. Höhling 181

III. OSTITIS FIBROSA

Primary Hyperparathyroidism
E. Keck, R. Hehrmann 193

Surgical Aspects of Hyperparathyroidism
H.-D. Röher, R.A. Wahl, P. Goretzki, C. Dotzenrath 247

Multicentric Giant Cell Tumor of Bone.
Histogenesis and Diagnostic Differentiation
A. Roessner, R. Lindenfelser, R. Erlemann, C. Timm, E. Grundmann 257

Hyperparathyroidism and Acute Pancreatitis - Rare Complications in Pregnancy
G. Warneke, H.V. Hennig, H.J. Müller, F. Scheler 265

Distribution of the Parathormone Receptor in Human Kidney and Rat Bone: A Histomorphological Study
K. Becker, J. Fessler 271

Parathyroid Hormone, Carbonic Anhydrase and Calcium Homeostasis
P. Dietsch 279

IV. NEW TRENDS IN OSTEOLOGY

Serum Concentration of Vitamin D Metabolites in Children with Phenylketonuria
A. Zittermann, S. Issa, W. Burmeister 293

Regulation of Amino Acid Transport and Protein Synthesis by 1,25-Dihydroxyvitamin D_3 and Dexamethasone in Chick Osteoblasts
H. Franck, F. van Valen, E. Keck, H.L. Krüskemper 301

Effects of Phosphate Infusion on Calcium Metabolism in Early Renal Failure
H.v. Lilienfeld-Toal, B. Kampmann, S. Issa, G. Klausmann, H. Franck 307

The Influence of Magnesium and Calcium Antagonists on the Epiphyseal Growth Plate - A Comparison
H. Meßler, W. Rüther, J. Kühr, K.J. Münzenberg 313

Formation of Bone by the Way of Enchondral Ossification not Impaired by Mechanical Influences
W. Rüther, D. Kindermann, H. Meßler, K.J. Münzenberg 321

Results of Selective Arterial Digital Substraction Angiography in Femoral Head Necrosis
A. Heuck, M. Reiser, N. Rupp, K. Lehner, T. Kahn 329

Effects of Mechanical Factors on Structure and Function of the Growth Plate of Long Bones
A. Karbowski, J. Herwig, H.H. Matthiaß, E. Buddecke 337

Weight Bearing System of Bone in Cementless Hip Prostheses
R. Schleberger, U. Witzel 345

V. CASE REPORTS

Severe Cystic Bone Lesions: Skeletal Manifestation of Mastocytosis or Special Kind of Primary Osteoporosis?
K.J. Woggan, H.-P. Kruse, G. Delling, F. Kuhlencordt 359

Absorptive Hypercalcemia
H. Franck, F. van Valen, E. Keck, H.L. Krüskemper 367

Alcohol Induced Osteopenia
G. Bremer, E. Keck 373

Systemic Mastocytosis and Bone Disease
H. v. Lilienfeld-Toal, H. Steudel, C. Reiter 383

Metabolic Osteopathy of Uncertain Origin
T. Herchenbach, A. Wittenborg, E. Nicksch, C.P. Adler 387

Acne Conglobata, Spondylarthritis and Osteoporosis
A. Wittenborg, W. Kaup, C.P. Adler 393
