CONTENTS

Foreword **xv**
Jonathan Mann

Preface **xvii**

List of Contributors **xxi**

Opening Address: AIDS in Time and Space **1**
André J. Nahmias

I. PUBLIC HEALTH CHALLENGES AND SOCIETY'S RESPONSES

A. Public Health Challenges

Public Health Challenges—Global Aspects **9**
William Foege

AIDS in the United States **10**
James W. Curran

Strategies for the Prevention and Control of AIDS—the California Experience **13**
James Chin

AIDS in New Jersey—the State's Response **16**
Molly Joel Coye, Richard Conviser, and Ronald Altman

AIDS in New York City: Public Health Challenges **22**
Stephen C. Joseph

Public Health Aspects—AIDS: Georgia's Response **26**
R. Keith Sikes

Public Health Approach to HIV Infection in Sweden **28**
Eric Sandström

A Perspective of AIDS in Spain **32**
R. Najera, R. de Andres, and M.I. Herrera

The Public Health Challenge of AIDS in Latin America and the Caribbean **34**
R.K. St. John

B. Legal, Social, Ethical, and Religious Issues

The Law and Public Health—Historical and Current Perspectives **42**
Ruth Roemer

Ethics, History, and Public Health **48**
Albert Jonsen

Legal and Ethical Issues—a Physician's Concerns **50**
Sumner Thompson

AIDS and Religion **51**
DeWitt C. Baldwin, Sr.

AIDS: an Ethicist's Perspective **53**
Martti Lindqvist

Views on Some Ethical Questions Related to AIDS **54**
Mathilde Krim

The AIDS Pandemic—Some Global Legislative and Legal Aspects **58**
Sev S. Fluss

Some Aspects of AIDS Legislation in the United States 67
Gene Matthews

The Law and AIDS—a Judge's Perspective 69
Frank M. Eldridge

Discussion 71

C. Economic Considerations

Economic Considerations—California 76
Paul Wehrle

Economic Aspects of Pediatric AIDS 77
Ann M. Hardy

The Cost to the Physician and Other Health Workers 81
Jonas Shulman

Discussion 82

D. Community Resources

Community-Based Services—the San Francisco Experience 83
Mervyn Silverman

Factors of Importance in Community Responses 85
Jean Hutton

Community-Based Resources in New York City 88
Stephen C. Joseph

Community Efforts to Combat HIV in Sweden 91
Eric Sandström

AID Atlanta—a Community-Based Organization 94
Ken South

Community-Based Services for Women and Children at Risk for AIDS: Development of Resources in San Francisco 96
Judith B. Cohen

Community Resources: Legislative Response 99
Eleanor Richardson

Conveying Information about AIDS to the Community 100
James Bunn

Discussion 103

E. The Role of the Media

The Role of the Media in the AIDS Epidemic 107
Laurie Garrett

Discussion 113

II. THE BASIS FOR SCIENTIFIC ACTION

A. The Virus and Its Pathogenesis, Treatment, and Prevention

The Human Immunodeficiency Virus (HIV) and Its Pathogenic Properties 117
Jay A. Levy

Strategies and Targets for Anti–Human Immunodeficiency Virus Type 1 Chemotherapy 126
Raymond F. Schinazi

Approaches to Vaccines for HIV—Problems and Prospects 144
Samuel L. Katz

Discussion 150

B. Epidemiological Basis for Intervention

Epidemiological Principles for Understanding the Prevalence of HIV Infections and Their Possible Control 154
André J. Nahmias, Francis Lee, and Daniel Danielsson

Heterosexual Transmission of Human Immunodeficiency Virus 160
Nathan Clumeck

Epidemiology of HIV Infection—Historical and Current Perspective 163
Robert Redfield

Some Epidemiological Considerations of the Intravenous Drug Abuse Problem 165
Sheldon Landesman

HIV Infection in Prostitutes in Africa 166
Philippe Van de Perre and Michel Carael

AIDS and Prostitution 168
Constance B. Wofsy

Discussion 170

C. Infection Control within Different Institutions and Localities

Nosocomial Aspects of HIV Infection: General Aspects 173
John E. McGowan, Jr.

The Natural History of Infection Control in the AIDS Era 175
Anthony B. Minnefor

Risk of Human Immunodeficiency Virus Infection through Casual Contact, in Health-Care Settings, and through Blood Transfusions 177
James R. Allen

Concerns Regarding Nosocomial Transmission at the Time of Delivery 183
André J. Nahmias

Nosocomial Aspects in Ophthalmology 185
Henry Kaplan

Nosocomial Aspects in Dentistry 186
Michael Fritz

Nosocomial Aspects of HIV Infection in Central Africa 188
Philippe Lepage and Philippe Van de Perre

Discussion 190

III. MOTHER AND CHILD

A. General and Psychosocial Aspects of the Pregnant Woman—Infected or at Risk

HIV Infection during Pregnancy: Psychosocial Factors and Medical/Legal Implications—Introductory Remarks 195
Paul H. Black and Elinor M. Levy

Human Immunodeficiency Virus Infection in Women 198
Constance B. Wofsy

The Risk of HIV Infection in Former Intravenous Drug-Abusing Women 202
J.I. Wallace, S. Beatrice, J.G. Bekesi, J. Hannon, J. Mann, L. Mass, H. Sacks, L. Sandman, O.K. Sharma, and S. Witkin

Psychological Reactions to Human Immunodeficiency Virus Infection in Drug-Using Pregnant Women 207
Frank R. Cancellieri, James Fine, Susan Holman, Ann Sutherland, Sheldon Landesman, and Bernard Bihari

Legal Aspects Related to Possible Measures for the Prevention of Perinatal Human Immunodeficiency Virus Infection 210
Frank M. Eldridge

Discussion 212

B. The Growing Problem of Pregnant Women and Their Offspring at Risk of Developing HIV Infection in Various Areas of the World

Strategies in the identification and Control of the HIV-Infected Women in Africa 214
Philippe Lepage and Philippe Van de Perre

Outcome of Offspring of HIV-Infected Pregnant Women in Haiti 216
Jean Pape

AIDS and the Gynecologist–Obstetrician in France 219
Roger M. Henrion

Maternal HIV Infection and Perinatal Transmission in Miami 221
Gwendolyn B. Scott

Human Immunodeficiency Virus: A Perinatal Transmission Study in Brooklyn 223
Herman Mendez and the Brooklyn HIV Perinatal Transmission Study Group

Isolation of HIV Virus from Cell-Free Breast Milk of Seropositive Mothers 226
S. Sprecher-Goldberger

Discussion 229

C. General Pediatric Aspects

An Academician's Perspective 230
George Brumley

Perspectives of a Primary Practice Pediatrician 231
Martin Smith

Clinical Lessons from the New Jersey Pediatric Experience 232
James Oleske

Classification System for Human Immunodeficiency Virus (HIV) Infection in Children under 13 Years of Age 235
Martha Rogers

HIV Infection in the Newborn and Child: Specific Effects on the Nervous System 241
Leon G. Epstein

AIDS in the Hemophiliac Child—the Need for a Multidisciplinary Approach to Prevention 245
Bruce L. Evatt and Rosemary B. Ramsey

Discussion 251

D. Practical Management Issues

1. Medical

Opinions of Infectious Disease Experts in Obstetrics and Pediatrics on Issues Related to Perinatal HIV Infection 254
Harry Keyserling, Robert Kodsi, Richard Whitley, and André J. Nahmias

Identification and Control of HIV-Infected Pregnant Women 257
Jean Pape

Management of Pregnant Women and Their Offspring 261
Roger M. Henrion

Perinatal Infection in France—Possible Approaches to Diagnosis 263
Claude Griscelli and Stephane Blanche

Management of HIV Infection in Children 264
Gwendolyn B. Scott

Guides from Experience in the Management of Other Perinatal Viral Infections 268
Richard Whitley

Discussion 270

2. Nursing Aspects

Nursing Aspects of AIDS: Educational Concerns—Introductory Remarks 277
Anne K. Kibrick

Human Immunodeficiency Virus Infection in Women—Nursing Perspective 279
Lauren Poole

Practical Aspects of Caring for Children with AIDS 282
Mary Boland

Nosocomial Infection Precautions 286
Grace I. Lusby

The Children's AIDS Program: Nursing Challenges 288
Nancy Karthas and Anne Dodwell

Public Health Nursing Aspects of AIDS 290
Jane Carr

AIDS in Heterosexual Populations: An Epidemiologic Perspective for Nursing Practice 292
Katherine H. Chavigny

Discussion 295

E. The Dilemmas of Adoption, Foster Care, and Day Care—Some Community Responses

A Look at AIDS in Adoption, Foster Care, and Day Care 296
Molly Joel Coye

Ethical Considerations of the Issues 299
Martti Lindqvist

HIV Infection and Adoption in Scotland 300
Robert G. Covell

Adoption, Foster Care, Day Care: Experience in New Jersey 305
Edward Connor

Adoption, Foster Care, and Day Care Issues in New York City 307
Stephen C. Joseph

American Academy of Pediatrics Guidelines 309
G. Scott Giebink

Role of a Community Organization for Children with AIDS: Atlanta's Experience 312
Jody Wood

The Children's AIDS Program—a Model for Development and Implementation of a Comprehensive Residential Program for Children with HIV Infection 313
Nancy Karthas, Anne Dodwell, Jackie Foschia, George Lamb, and Linette Liebling

A Preschool Model for Symptomatic HIV-Infected Children 315
T.L. Cabat, B. Novick, and A. Rubenstein

Discussion 318

IV. THE ADOLESCENT AND EDUCATION

The Adolescent and Education—Introductory Remarks 323
Sidney Kibrick

A. The Sexually Active Adolescent

The Sexual Struggles of the Adolescent 325
Stephen B. Levine

High-Risk Behavior during Adolescence 329
Mary-Ann Shafer

Sexuality in the Shadow of AIDS 335
Barbro Lenneer Axelson

Rules of Sexual Etiquette 341
Robert Hatcher

Sexual Abuse in Children and Adolescents 343
Barbara Bruner

Sexually Active Young Adults in Central Africa 346
M. Carael, P. Van de Perre, S. Allen, N. Clumeck, and J.P. Butzler

Guidelines to Health Care Providers of the Sexually Active Adolescent 350
Joe M. Sanders

Discussion 352

B. Education and Behavior Change—Historical and Conceptual Views

Education and Behavior Change in AIDS—General Concepts 355
Michele A. Baldwin

Some Concerns about Educational Approaches in AIDS Prevention 357
Donald Louria

Problems of Sexually Transmitted Disease Education of Adolescents—a Historical Perspective 359
Robert S. Morton

The Problem of Sexually Transmitted Disease Education of Adolescents—a Current View 362
Mary-Ann Shafer

AIDS Attitudinal Survey: Description, Findings, and Implications for Public Health Agencies in Educating the Public **365**
Norma Haston Turner

Discussion **368**

C. AIDS in Schools, Colleges, and Universities—Problems and Challenges for Education

Problems and Challenges for Education—Introductory Remarks **373**
Douglas Skelton

Ethical Perspective on Sex Education in Schools, Colleges, and Universities **375**
Albert Jonsen

AIDS Education on the College Campus **377**
Richard P. Keeling

Implications of AIDS for Colleges, Universities, and Professional Schools **380**
DeWitt C. Baldwin, Jr.

Recommended Guidelines for Dealing with AIDS in the Schools **383**

Social Marketing as a Strategy for Educating University Students about AIDS: A Case Report **385**
Norma Haston Turner

School Health Education to Prevent the Spread of AIDS **388**
Lloyd J. Kolbe and Jack Jones

Discussion **393**

D. Education and Behavior Change—Practical Experience and Projected Strategies

Education and Behavior Change: Practical Experience and Projected Strategies: Introductory Remarks **394**
E. Russell Alexander

AIDS Prevention among Intravenous Drug Users: Experience in High-Prevalence States **396**
Don C. Des Jarlais and Samuel R. Friedman

AIDS Prevention among Intravenous Drug Users—Experience in a Low-Prevalence State **402**
Judy Byrnes

AIDS Prevention among Intravenous Drug Users—the Development of Educational Tools **404**
Sander Genser

AIDS Education for Minority Communities **406**
Rudolph Jackson

Educational Approaches in Adolescence from a Sexually Transmitted Disease Perspective **408**
Mary-Ann Shafer and Cherrie Boyer

Educational Approaches in a Swedish City **411**
D. Danielsson, H. Moi, E. Johansson, E. Back, L. Forslin, C. Zetterstrom, H. Linderoth, P. Lithell, L. Heinemann, B. Dahl, and A.M. Wentzel

Education about AIDS in a Central African Town **414**
M. Carael, J. Nkurunziza, S. Allen, and C. Almedal

Strategies for AIDS Education and Risk Reduction 417
Walter Dowdle

Discussion 420

KEYNOTE ADDRESS

What the Young Might Have to Give 425
Alec Dickson

Appendix: The International Interdisciplinary AIDS Foundation 431
Jacqueline Muther
