Contents

1 **The Neuropsychology Referral and Answering the Referral Question** 1
Michael R. Schoenberg and James G. Scott

2 **Deconstructing the Medical Chart** 31
Alan J. Lerner and Michael R. Schoenberg

3 **Neuroanatomy Primer: Structure and Function of the Human Nervous System** 43
Michael R. Schoenberg, Patrick Marsh, Joseph J. Boscarino, Emily N. Vanderbleek, and Alan Lerner

4 **Components of the Neuropsychological Evaluation** 115
James G. Scott

5 **Brief Cognitive Assessment** 127
Scott M. Roye and James G. Scott

6 **Arousal: The Disoriented, Stuporous, Agitated or Somnolent Patient** 169
James G. Scott

7 **Attention/Concentration: The Distractible Patient** 179
James G. Scott

8 **Language Problems and Assessment: The Aphasic Patient** 189
James G. Scott and Michael R. Schoenberg

9 **Memory and Learning: The Forgetful Patient** 209
James G. Scott and Michael R. Schoenberg

10 **Deficits in Visuospatial/Visuoconstructional Skills and Motor Praxis** 233
James G. Scott and Michael R. Schoenberg

11 Frontal Lobe/Executive Functioning 251
James G. Scott and Michael R. Schoenberg

12 Affect, Emotions and Mood 281
James G. Scott and Michael R. Schoenberg

13 Aphasia Syndromes 295
Michael R. Schoenberg and James G. Scott

14 Cerebrovascular Disease and Stroke 319
Michelle A. Babicz-Boston, Erin K. Bailey, and Joel E. Kamper

15 Dementias and Mild Cognitive Impairment in Adults 383
Joseph J. Boscarino, Julia E. Maietta, Michael R. Schoenberg, and Kevin Duff

16 Episodic Neurologic Symptoms 459
Priyanka Atit and Selim R. Benbadis

17 Epilepsy and Seizures 481
Michael R. Schoenberg, Mary Ann Werz, Cady Block, Luis Cruz-Saavedra, Angelica Rivera-Cruz, Selim Benbadis, and Daniel L. Drane

18 Neuropsychology of Psychogenic Nonepileptic Seizures 617
Daniel L. Drane, Erica Coady, David J. Williamson, Michele Price, John W. Miller, and Selim Benbadis

19 Somatoform/Somatic Symptom Disorders, Conversion Disorder (Functional Neurologic Disorder), Factitious Disorder and Malingering 661
Kyle Boone

20 Functional Neurological Disorder: A Primer for Neuropsychologists 681
Nicholas Kavish and Julia Maietta

21 Parkinson's Disease and Other Movement Disorders 707
Steven A. Gunzler, Michael R. Schoenberg, David E. Riley, Benjamin L. Walter, Jennifer A. Sweet, and Robert J. Maciunas

22 Multiple Sclerosis 777
Juliette Galindo and Christopher T. Copeland

23 Sport-Related Concussion 803
Grant L. Iverson and Julia E. Maietta

24 Mild Traumatic Brain Injury 829
Grant L. Iverson and Julia E. Maietta

25 Moderate and Severe Traumatic Brain Injury 875
Grant L. Iverson, Julia Cho, Emily N. Vanderbleek, Julia E. Maietta, and Rael T. Lange

26 Paediatric Traumatic Brain Injury (TBI): Overview 905
Cathy Catroppa, Louise Crowe, Nicholas P. Ryan, Edith N. Botchway, Nikita Sood, and Vicki A. Anderson

27 Cognitive Decline in Childhood or Young Adulthood 933
Michael R. Schoenberg and James G. Scott

28 Brain Tumors 957
Catherine Dion and David S. Sabsevitz

29 Normal Pressure Hydrocephalus 991
Rachel L. Fazio

30 Psychometric Foundations for the Interpretation of Neuropsychological Test Results 1011
Brian L. Brooks, Elisabeth M. S. Sherman, Grant L. Iverson, Daniel J. Slick, and Esther Strauss

31 Reliability and Validity in Neuropsychology 1037
Elisabeth M. S. Sherman, Brian L. Brooks, Grant L. Iverson, Daniel J. Slick, and Esther Strauss

32 Improving Accuracy for Identifying Cognitive Impairment 1057
Grant L. Iverson and Brian L. Brooks
