Important Instructions to the Users of This Guide v
Preface vii
Acknowledgments ix

SECTION I Introduction to the Quick Selection Process 1
Step 1: Identify the Chemical 1
Step 2: Find the Chemical Class Number 1
Step 3: Review the Barrier Recommendations 1

SECTION II Selection and Use of Chemical Protective Clothing (CPC) 3
Trends in Chemical Protective Clothing 3
Chemical Resistance of Protective Clothing: What Does It Mean and How to Evaluate It 4
Standards and Requirements Related to CPCs 8
The Selection Process – In Detailed Description 13
Correct Use, Care, Maintenance, and Disposal of CPCs 18
Checklist for CPC Selection, Use, and Maintenance 21

SECTION III Chemical Index 23
Chemical Class Numbers 23
Chemical Names 24
Synonyms 24
Chemical Abstract Service Number: CAS # 25
Risk Codes 25
Chemical Warfare Agents 27

SECTION IV Selection Recommendations 107
Description of Color Codes Used in the Tables 107
Test Battery of 21 Chemicals to Evaluate Chemical Protective Clothing 108
Glove Systems and Compatibility with Suit Materials 112
Protective Barriers Related to the Master Chemical Resistance Table 126
Cautions Related to the Master Chemical Resistance Table 127
Trademarks of Chemicals and Chemical Protective Clothing Products 275

SECTION V Glossary 277

SECTION VI Manufacturers of Chemical Protective Clothing 291
