C O N T E N T S

Abstract & Keywords 1

Introduction 2

History of the classification of the genus *Spiraea* 2

History of the genus *Spiraea* cultivation in the world 6

Spireas in cultivation in Bohemia, Moravia and Slovakia 7

Evaluation of spireas in the Dendrological garden at Průhonice 10

Material and methods used 11

Evaluation of taxa from horticultural points of view 12

Systematic Treatment 13

Natural species inclusive of infraspecific taxa and derived cultivars 14

Spiraea L. Sect. *Glomerati* Nakai 14

Sect. *Chamaedryon* Ser. 21

Sect. *Calospira* K. Koch 45

Sect. *Spiraea* 90

Interspecific hybrids and hybrid cultivars 101

Hybrids within the sect. *Chamaedryon* Ser. 101

Hybrids within the sect. *Calospira* K. Koch 106

Hybrids within the sect. *Spiraea* 110

Hybrids between species from different sections of the genus 117

New cultivars 130

Conclusions 138

Acknowledgement 138
