

Contents

1 Introduction	1
2 Conditional variance analysis of the exchange rate	6
2.1 Exchange rate environment	6
2.2 Data and the currency basket	7
2.3 Process underlying exchange rate movement	11
2.4 Conditional variance	15
2.5 Testing the fit of the model	20
2.6 Empirical summary	25
3 Volatility of exchange rate with change in fluctuation band	27
3.1 Altered band	27
3.2 Data	28
3.3 Leverage effect	29
3.4 Leverage effect empirics in exchange rate	31
3.5 Brief summary	34
4 Intratemporal links among interest and exchange rates	36
4.1 Basic facts	36
4.2 Vector autoregressive analysis of lead-lag relationship	38
4.3 Data	41
4.4 Intratemporal linkages	41
4.5 Comments and implications	49
5 Convergence of exchange rates	51
5.1 Exchange rate and its regime in transition countries	51
5.2 Data and definitions	70
5.3 Methodology of convergence	72
5.4 Empirical results of convergence analysis	77
5.5 Concluding observations	83
