Emergency Medications and Therapy for the Neonates	(inside front and back covers)
Color insert	between pages 554 and 555
Contributors	xiii
Preface	xxi
Section I. Antepartum, Intrapartum, Delivery, and Transport Management	
1 Fetal Assessment	1
2 Obstetric Anesthesia and the Neonate	9
3 Resuscitation of the Newborn	15
4 Infant Transport	24
Section II. Basic Management	
5 Gestational Age and Birthweight Classification	29
6 Newborn Physical Examination	43
7 Temperature Regulation	65
8 Respiratory Management	71
9 Fluid and Electrolytes	89
10 Nutritional Management	98
Section III. Advanced Management	
11 Imaging Studies	133
12 Management of the Extremely Low Birthweight Infant During the First Week of Life	157
13 Management of the Late Preterm Infant	169
14 Pain in the Neonate	172
15 Newborn Screening	176
16 Studies for Neurologic Evaluation	181
17 Blood Component Therapy	189
18 Extracorporeal Life Support in the Neonate	195
19 Follow-Up of High-Risk Infants	209
20 Complementary and Alternative Medical Therapies in Neonatology	213
21 Neonatal Bioethics	221

Section IV. Procedures:	Principles of Neonatal Procedures	227
22	Arterial Access: Arterial Puncture (Radial Artery Puncture)	230
23	Arterial Access: Percutaneous Arterial Catheterization (Radial Arterial Line)	232
24	Arterial Access: Umbilical Artery Catheterization	236
25	Bladder Aspiration (Suprapubic Urine Collection)	244
26	Bladder Catheterization	246
27	Chest Tube Placement	249
28	Defibrillation and Cardioversion	255
29	Endotracheal Intubation and Extubation	258
30	Exchange Transfusion	267
31	Peripheral IV Extravasation and Infiltration: Initial Management	272
32	Gastric and Transpyloric Intubation	273
33	Heelstick (Capillary Blood Sampling)	278
34	Laryngeal Mask Airway	282
35	Lumbar Puncture (Spinal Tap)	284
36	Ostomy Care	289
37	Paracentesis (Abdominal)	292
38	Pericardiocentesis	295
39	Therapeutic Hypothermia	297
40	Transillumination	301
41	Venous Access: Intraosseous Infusion	303
42	Venous Access: Percutaneous Central Venous Catheterization	306
43	Venous Access: Peripheral Intravenous Catheterization	312
44	Venous Access: Umbilical Vein Catheterization	316
45	Venous Access: Venipuncture (Phlebotomy)	322
Section V. On-Call Problems		
46	Abnormal Blood Gas	325
47	Apnea and Bradycardia ("A's and B's")	333
48	Arrhythmia	343
49	Bloody Stool	351
50	Counseling Parents Before High-Risk Delivery	357
51	Cyanosis	361

52	Death of an Infant.....	368
53	Eye Discharge and Conjunctivitis.....	372
54	Gastric Aspirate (Residuals).....	379
55	Gastrointestinal Bleeding from the Upper Tract.....	385
56	Hematuria.....	390
57	Hyperbilirubinemia, Conjugated.....	392
58	Hyperbilirubinemia, Unconjugated.....	400
59	Hyperglycemia.....	409
60	Hyperkalemia.....	415
61	Hypertension.....	420
62	Hypoglycemia.....	427
63	Hypokalemia.....	437
64	Hyponatremia.....	440
65	Hypotension and Shock.....	445
66	Is the Infant Ready for Discharge?.....	456
67	No Stool in 48 Hours.....	460
68	No Urine Output in 24 Hours.....	466
69	Pneumoperitoneum.....	472
70	Pneumothorax.....	478
71	Polycythemia.....	484
72	Poor Perfusion.....	489
73	Postdelivery Antibiotics.....	492
74	Pulmonary Hemorrhage.....	501
75	Rash and Dermatologic Problems.....	506
76	Sedation and Analgesia.....	515
77	Seizure Activity.....	521
78	Traumatic Delivery.....	529
79	Vasospasms and Thromboembolism.....	537

Section VI. Diseases and Disorders

80	ABO Incompatibility.....	547
81	Air Leak Syndromes.....	549
82	Anemia.....	557

83	Apnea.....	565
84	Bronchopulmonary Dysplasia/Chronic Lung Disease.....	570
85	Calcium Disorders (Hypocalcemia, Hypercalcemia).....	576
86	Chlamydial Infection.....	581
87	Coagulation Disorders.....	584
88	Common Multiple Congenital Anomaly Syndromes.....	599
89	Congenital Heart Disease.....	606
90	Cytomegalovirus.....	615
91	Disorders of Sex Development.....	619
92	Enteroviruses and Parechoviruses.....	627
93	Eye Disorders of the Newborn.....	631
94	Gonorrhea.....	636
95	Hepatitis.....	637
96	Herpes Simplex Viruses.....	645
97	Human Immunodeficiency Virus.....	649
98	Hydrocephalus and Ventriculomegaly.....	657
99	Hyperbilirubinemia, Direct (Conjugated Hyperbilirubinemia).....	663
100	Hyperbilirubinemia, Indirect (Unconjugated Hyperbilirubinemia).....	672
101	Inborn Errors of Metabolism with Acute Neonatal Onset.....	686
102	Infant of a Diabetic Mother.....	709
103	Infant of Substance-Abusing Mother.....	715
104	Intracranial Hemorrhage.....	724
105	Intrauterine Growth Restriction (Small for Gestational Age).....	732
106	Lyme Disease.....	743
107	Magnesium Disorders (Hypomagnesemia, Hypermagnesemia).....	746
108	Meconium Aspiration.....	749
109	Meningitis.....	754
110	Methicillin-Resistant <i>Staphylococcus aureus</i> Infections.....	757
111	Multiple Gestation.....	762
112	Myasthenia Gravis (Transient Neonatal).....	767
113	Necrotizing Enterocolitis.....	769
114	Neural Tube Defects.....	776

115	Orthopedic and Musculoskeletal Problems.....	784
116	Osteopenia of Prematurity.....	792
117	Parvovirus B19 Infection.....	797
118	Patent Ductus Arteriosus.....	800
119	Perinatal Asphyxia.....	805
120	Persistent Pulmonary Hypertension of the Newborn	815
121	Pertussis.....	823
122	Polycythemia and Hyperviscosity.....	826
123	Renal Failure, Acute (Acute Kidney Injury).....	830
124	Respiratory Distress Syndrome.....	834
125	Respiratory Syncytial Virus.....	840
126	Retinopathy of Prematurity.....	844
127	Rh Incompatibility.....	849
128	Rubella.....	854
129	Seizures.....	857
130	Sepsis	865
131	Spontaneous Intestinal Perforation	874
132	Surgical Diseases of the Newborn: Abdominal Masses	877
133	Surgical Diseases of the Newborn: Abdominal Wall Defects.....	879
134	Surgical Diseases of the Newborn: Alimentary Tract Obstruction.....	881
135	Surgical Diseases of the Newborn: Diseases of the Airway, Tracheobronchial Tree, and Lungs.....	885
136	Surgical Diseases of the Newborn: Retroperitoneal Tumors	890
137	Surgical Diseases of the Newborn: Urologic Disorders	892
138	Syphilis	896
139	Thrombocytopenia and Platelet Dysfunction	902
140	Thyroid Disorders.....	908
141	TORCH Infections	914
142	Toxoplasmosis.....	914
143	Transient Tachypnea of the Newborn	919
144	Tuberculosis.....	926
145	<i>Ureaplasma</i> Infection.....	930

146	Urinary Tract Infection.....	932
147	Varicella-Zoster Infections	933

Section VII. Neonatal Pharmacology

148	Medications Used in the Neonatal Intensive Care Unit.....	939
149	Effects of Drugs and Substances on Lactation and Infants	1005

Appendices

A	Abbreviations Used in Neonatology	1029
B	Apgar Scoring.....	1039
C	Blood Pressure Determinations	1040
D	Chartwork.....	1041
E	Immunization Tables	1045
F	Isolation Guidelines.....	1047
G	Temperature Conversion Table.....	1057
H	Weight Conversion Table	1058

Index	1059
