PART I: General Introduction

1

PART II: Rationality and the Public Sphere

23

Introduction

25

1 The Transformation of the Public Sphere's Political Function

28

2 On the Concept of Public Opinion

32

3 Technical Progress and the Social Lifeworld

42

4 The Scientization of Politics and Public Opinion

44

5 Technology and Science as "Ideology"

53

PART III: Epistemology and Methodology

67

Introduction

69

6 The Positivistic Dissolution of the Claimed Unity of Theory and Praxis

71

7 Dogmatism, Reason, and Decision

77

8 Knowledge and Human Interests

96

9 The Dualism of the Natural and Cultural Sciences

105

PART IV: Language and Communication

113

Introduction

115

10 What is Universal Pragmatics?

118

11 Relations to the World and Aspects of Rationality in

Four Sociological Concepts of Action

132

12 The Problem of Understanding Meaning in the Social Sciences

151

13 Social Action, Purposive Activity, and Communication

160

14 The Three Roots of Communicative Action

170

PART V: Ethics and Law	175
Introduction	177
15 Discourse Ethics	180
16 Remarks on Discourse Ethics	193
17 Morality and Ethical Life	196
18 Law and Morality	203
19 The Constitutional State	214
20 Discourse Theory and the Public Sphere	217
 PART VI: Evolution and Legitimation	 221
Introduction	223
21 Historical Materialism and the Development of Normative Structures	225
22 Social Principles of Organization	240
23 Legitimation Problems in the Modern State	248
 PART VII: The Theory of Modernity	 267
Introduction	269
24 Weber's Theory of Modernity	272
25 The Uncoupling of System and Lifeworld	278
26 Marx and the Thesis of Internal Colonization	283
 PART VIII: Critical Social Theory Today	 305
Introduction	307
27 The Tasks of a Critical Theory of Society	309
28 Modernity's Consciousness of Time and Its Need for Self-Reassurance	337
29 The Normative Content of Modernity	341
 Select Bibliography of Habermas's Writings	 366
Glossary	368
Biographical Notes	372
Index	374
