Preface	v
Chapter 1	
Rapid health assessment	
Purpose	1
Preparedness	1
Planning the assessment	7
Conducting the assessment	8
Developing the best working practices	12
Presenting the results of the assessment	14
Chapter 2	
Epidemics of infectious origin	
Purpose of assessment	16
Preparedness	16
Conducting the assessment	17
Presenting results	22
Chapter 3	
Meningitis outbreaks	
Purpose of assessment	23
Background	23
Conducting the assessment	24
Presenting results	28
Chapter 4	
Outbreaks of viral haemorrhagic fever, including yellow fever	
Purpose of assessment	30
Background	30
Preparedness	32
Conducting the assessment	33
Presenting results	36
Chapter 5	
Outbreaks of acute diarrhoeal disease	
Purpose of assessment	38
Background	38
Conducting the assessment	39
Presenting results	41
Chapter 6	
Sudden-impact natural disasters	
Purpose of assessment	43
Background	43
Priorities	43
Conducting the assessment	45
Presenting results	50

	Chapter 7	
Sudden population displacements		
	Purpose of assessment	52
	Background	52
	Conducting the assessment	52
	Presenting results	59
	Chapter 8	
Nutritional emergencies		
	Purpose of assessment	63
	Background	63
	Preparedness	64
	Conducting the assessment	64
Implementing the selective feeding programme		70
	Presenting results	71
	Chapter 9	
Chemical emergencies		
	Purpose of assessment	73
	Background	73
Conducting the assessment		74
	Presenting results	76
	Chapter 10	
Complex emergencies		
	Purpose of assessment	80
	Background	80
Conducting the assessment		81
	Presenting results	84
	Selected further reading	89
	Annex 1	
Techniques for surveys during rapid assessment		92
	Annex 2	
List of reference values for rapid health assessment in developing countries		94
