

CONTENT

FOREWORD	1
INTRODUCTION	2
1. GEOLOGICAL-DEPOSIT AND MINERALOGICAL DESCRIPTION OF THE RESEARCHED AREA	3
1.1. MINE WASTE AT THE ABANDONED Sb DEPOSIT DÚBRAVA	4
2. THE OXIDATION OF WASTE MATERIAL AND THE FORMATION OF SECONDARY PRODUCTS	6
2.1. THE OXIDATION OF SULPHIDES	6
2.1.1. Bacterial catalysis of sulphide oxidation	7
2.1.2. The oxidation of pyrite	7
2.1.3. The oxidation of arsenopyrite	8
2.1.4. The oxidation of stibnite	8
2.2. THE MIGRATION OF SULPHIDE OXIDATION PRODUCTS	11
2.3. THE FORMATION OF SECONDARY PRODUCTS OF SULPHIDE OXIDATION	11
2.4. THE SORPTION OF TOXIC ELEMENTS (Sb, As) BY PRODUCTS OF SULPHIDE OXIDATION	14
2.4.1. The occurrence and basic description of Sb and As	14
2.4.2. The mobility and speciation of Sb and As in soils, sediments and water	15
The mobility and speciation of Sb	16
The mobility and speciation of As	18
2.4.3. Sb and As bond on Fe-oxyhydroxides (Hydrous Ferric Oxides - HFO)	19
3. SELECTED METHODS FOR MINERALOGICAL AND GEOCHEMICAL RESEARCH OF MINE WASTES	21
3.1. COLLECTING AND PROCESSING OF SAMPLES	21
3.2. ANALYTICAL METHODS	21
3.2.1. Geochemical analyses - chemical composition	23
3.2.2. Mineralogical analyses – mineral phases classification	23
4. MINERALOGICAL AND GEOCHEMICAL STUDY OF MINE WASTES	24
4.1. PRIMARY, SECONDARY AND TERTIARY MINERALS	24
4.2. MINE DUMPS	25
4.2.1. Mineralogical and geochemical study of secondary oxidation products of primary Sb minerals in the environment of old mine dumps	25
4.3. TAILING IMPOUNDMENTS	28
4.3.1. Geochemical description of tailings	28
4.3.2. Mineralogical description of tailings	33
Mineralogical description of primary sulphide minerals and their oxidation rims	33
Mineralogical description of secondary products of sulphide oxidation	38
4.4. MINERALOGICAL AND GEOCHEMICAL STUDY OF SOILS	53
4.4.1. Geochemical description of soils	53

4.4.2. Mineralogical description of soils	55
Mineralogical description of primary sulphide minerals and their oxidation rims	55
Mineralogical description of secondary products of sulphide oxidation	57
CONCLUSION AND DISCUSSION	71
THE PRODUCTS OF SULPHIDE OXIDATION	73
Secondary oxidation rims on primary sulphides	73
Secondary oxides	76
THE MOBILITY OF Sb AND As AND THE INFLUENCE OF SECONDARY MINERALS IN AN AMBIENT ENVIRONMENT	79
