

Contents

1 Anatomy 2
 M. Grueb
 Orbit and Ocular Adnexa 3
 Blood Supply and Eyeball 5
 Ciliary Body/Iris/Pupil/Retina/Optic Nerve 7

2 Optical System and Physiology 8
 M. Grueb
 Optical System/Accommodation/Refraction Errors 9
 Visual Acuity/Receptors/Visual Field 11
 Adaptation/Color Vision 13

3 Lids 14
 M. Grueb
 Malformations and Anomalies 15
 Dystrophies, Degenerative Conditions, and Age-related Changes 17
 Inflammatory Conditions 23
 Tumors 27
 Surgical Alterations and Trauma 33

4 Lacrimal Apparatus 34
 J. Mielke
 Diseases of the Lacrimal Gland 35
 Lacrimal Gland Tumors, Lacrimal Ducts 37

5 Orbit 38
 J. M. Rohrbach, D. Holland
 Symptoms 39
 Investigations/Malformations 43
 Vascular Anomalies/Inflammatory Conditions 45
 Tumors 47
 Injuries/Systematic Classification 49

6 Strabismus 50
 H.-S. Walter
 Investigational Methods 51
 Nonparalytic Squint 57
 Nonparalytic/Paralytic Squint 59
 Supranuclear Disorders of Eye Movement 65

7 Conjunctiva	66
<i>J. M. Rohrbach</i>	
Malformations/Degenerative Conditions/Various Conditions	67
Various Conditions/Subconjunctival Hemorrhage	69
Conjunctivitis	71
Tumors	83
Injuries	87
8 Cornea	88
<i>J. Mielke</i>	
Anomalies, Degenerative Conditions	89
Degenerative Conditions, Dystrophies	91
Epithelial and Subepithelial Dystrophies	93
Stromal Dystrophies, Endothelial Dystrophies	95
Keratoconus, Infections	97
Herpes Simplex, Herpes Zoster	99
Epidemic Keratitis, Acanthamoeba Keratitis, Fungi	101
UV Injury, Chemical Injury, Burns	103
Injuries, Surgical Changes	105
Keratoplasty, Rejection Reactions	107
9 Sclera	108
<i>T. Schlote</i>	
Malformations/Degenerative Conditions/Episcleritis	109
Scleritis	111
Tumors/Surgical Changes	113
10 Choroid and Iris	114
<i>T. Schlote</i>	
Malformations and Anomalies	115
Dystrophies/Vascular Changes	117
Benign Tumors	119
Malignant Tumors	121
Malignant Tumors	123
Surgery/Injuries	125
Uveitis	127
11 Lens	134
<i>J. M. Rohrbach</i>	
Presbyopia	135
Cataract	139
Lens Dislocation	149
Inflammation/Tumors/Trauma/Lens Resorption	151
12 Glaucoma	152
<i>M. Grueb</i>	
Definition/Classification/Diagnosis	153
Primary Congenital Glaucoma, Dysgenetic Glaucoma	155
Primary Open-Angle Glaucoma	157

Secondary Open-Angle Glaucoma	159
Primary Angle-Closure Glaucoma	163
Secondary Angle-Closure Glaucoma	165
Treatment	167
13 Retina and Vitreous Body	168
<i>F. Gelissen</i>	
Congenital Anomalies and Tumors	169
Degenerative Conditions and Age-related Changes	171
Retinal Detachment	173
Vascular Diseases of the Retina	179
Diabetic Retinopathy	185
14 Macula	188
<i>U. Schneider</i>	
Diagnosis	189
Age-related Changes, Degenerative Conditions	191
Degenerative Conditions	193
Inflammatory Conditions	197
Macular Dystrophies	199
Traumatic and Postoperative Maculopathies	201
15 Optic Nerve and Optic Pathway	202
<i>P. Weckerle</i>	
Malformations and Anomalies	203
Unilateral Optic Neuropathy	207
Bilateral Optic Neuropathy	209
Inflammation	213
Traumatic Optic Neuropathy	215
Tumors, Infiltration	217
Papilledema	219
Visual Field	221
16 Drug-induced Ocular Side-Effects	222
<i>T. Schlote</i>	
Lid and Conjunctival Changes	223
Pemphigoid/Corneal Changes	225
Drug-induced Glaucoma	227
Cataract	229
Retinal Changes	231
Optic Neuropathy/Transitory Myopia	233
17 Eye Diseases in Developing Countries	234
<i>J. Mielke</i>	
Epidemiology/Cataract/Trachoma/Glaucoma	235
Onchocerciasis/Loa loa/Vitamin A Deficiency	237
18 Index	238
