Preface

Jiří A. Svoboda and Ofer Bar-Yosef

xi

CHAPTER ONE

History and Strategy of Research at Stránská skála

Jiří A. Svoboda and Karel Valoch

1

AFTER 1910: EXCAVATIONS AT THE LOWER/MIDDLE PLEISTOCENE SITE SS-I

2

AFTER 1926: THE AURIGNACIAN SITE SS-II

AND RELATED SURFACE SURVEYS

2

The Lithic Industry

3

Raw Materials

4

Technology and Typology

4

AFTER 1981: THE BOHUNICIAN AND AURIGNACIAN SITES SS-III AND SS-IIIA

6

1984-1986: THE EPIGRAVETTIAN SITE SS-IV

8

AFTER 1985: THE AURIGNACIAN AND BOHUNICIAN SITES SS-II, SS-IIA, AND SS-IIIB

9

1997-1999: THE CZECH-AMERICAN PROJECT AT SITES SS-IIIC AND SS-IIID

10

REFERENCES

12

CHAPTER TWO

Chronostratigraphic Background, Environment, and Formation of the Archaeological Layers

Jiří A. Svoboda

15

THE GEOLOGY AND PLEISTOCENE STRATIGRAPHY

15

THE ¹⁴C DATING

16

THE ENVIRONMENT AND PAST LANDSCAPES

18

FORMATION OF THE ARCHAEOLOGICAL LAYERS

19

ARCHAEOLOGICAL FEATURES	20
The Lower Soil Unit (Bohunician)	20
The Upper Soil Unit (Bohunician Horizon)	21
The Upper Soil Unit (Aurignacian Horizon)	22
REFERENCES	22

CHAPTER THREE

The Archaeology of Stránská skála III-1	
<i>Karel Valoch</i>	27
STRATIGRAPHY	27
DATING	28
COURSE OF THE FIELDWORK	28
DEPOSITIONAL CONTEXT	28
REFITTINGS	30
STRUCTURE OF THE SETTLED AREA	31
THE INDUSTRY	31
Raw Materials	31
Technology	33
TYOLOGY	34
CONCLUSIONS	34
REFERENCES	35

CHAPTER FOUR

Distribution of Artifacts at Stránská skála: 1982–1989 Excavations	
<i>Lenka Jarošová</i>	37
SS-IIA	37
SS-III-2	37
Concentration A: Sectors 4 and 7	37

Concentration B: Sectors 10 and 13 (Excluding Southeast Corner of 13)	38
Concentration C: Sector 16 and Southeast Corner of Sector 13	40

SS-IIIa	41
---------	----

REFERENCES	43
------------	----

CHAPTER FIVE

The Spatial Distribution of Lithic Artifacts at Stránská skála IIIC and IIId: 1997–1999 Excavations	
<i>Gilliane Monnier</i>	45
METHODS	45
RESULTS: SS-IIIC	46
Integrity of the Cultural Deposits	46
Discreteness of the Occupation Layers	52
Behavioral Patterns and Spatial Organization	54
RESULTS: SS-IIID	57
REFERENCES	57

CHAPTER SIX

Lithic Raw Materials Used by Humans at Stránská skála	
<i>Antonín Přichystal, Jiří A. Svoboda, and Petr Škrdla</i>	59
LOCAL RAW MATERIALS: STRÁNSKÁ SKÁLA AND OTHER CHERTS OF THE AREA	59
OTHER RAW MATERIALS	62
The Krumlovský-Les-Type Chert	62
Spongolites	62
Moravian Jurassic Cherts	62
Quartz and Orthoquartzites	62
Radiolarites	62
Nordic Flint	64
Ochre	64
REFERENCES	64

CHAPTER SEVEN

Bohunician and Aurignacian
Technologies: Morphological
Description

<i>Petr Škrdl</i>	65
BOHUNICIAN	65
AURIGNACIAN	69
REFERENCES	70

CHAPTER EIGHT

Attribute Analysis of the Lithic
Technologies of Stránská skála IIIC
and IIID in Regional and
Interregional Context

<i>Gilbert B. Tostevin</i>	77
METHODOLOGY	79
DOMAIN 1. CORE MODIFICATION	81
Step 1. Core Orientation	81
Step 2. Core Management	82
DOMAIN 2. PLATFORM MAINTENANCE	83
Step 1. Debitage Platform Treatment	83
Step 2. Exterior Platform Angle	83
Step 3. Platform Thickness	84
DOMAIN 3. DIRECTION OF CORE EXPLOITATION	84
Step 1. Direction of Cortex Removal	84
Step 2. Direction of Blank Removal	84
DOMAIN 4. DORSAL SURFACE CONVEXITY SYSTEM	85
Step 1. Longitudinal Convexity: Debitage Laminarity	85
Step 2. Shape of Convexity: Debitage Lateral Edges	86
Step 3. Curvature of Convexity: Debitage Profile	86
Step 4. Lateral Convexity: Debitage Cross Section	86
Step 5. Vertical Convexity	86

DOMAIN 5. TOOL MANUFACTURE	87
Steps 1–14. Blank Selection Criteria	87
Step 15. Application of Unique Retouch	87
Step 16. Location of Retouch	88

ATTRIBUTE ANALYSIS OF THE TECHNOLOGY OF SS-IIIC	88
General Description of the Assemblage	88

SS-IIIC OPERATIONAL SEQUENCE	89
Core Modification Domain	89
Platform Maintenance	89
Direction of Core Exploitation	91
Dorsal Surface Convexity System	94
Tool Manufacture	95

ATTRIBUTE ANALYSIS OF THE TECHNOLOGY OF SS-IIID	95
General Description of the Assemblage	95
Ss-IIId Operational Sequence	95

SS-IIIC IN ITS REGIONAL AND INTER- REGIONAL CONTEXTS	98
---	----

CONCLUSIONS: SS-IIIC IN THE MIDDLE TO UPPER PALEOLITHIC TRANSITION	100
---	-----

REFERENCES	105
------------	-----

CHAPTER NINE

Bohunician Technology: A Refitting
Approach

<i>Petr Škrdl</i>	119
