

Content

Introduction	6
1 Description of used terms and research areas	7
1.1 Petri nets	7
1.1.1 Place/Transition Petri nets	7
1.1.2 Stochastic Petri nets	9
1.1.3 Example Petri net	10
1.2 Markov chains	12
1.3 Uncertainty	12
1.4 Fairness	13
2 Aims of the dissertation	14
2.1 Main objective	14
2.2 Intermediate objectives	14
2.2.1 Mapping of Petri nets into Markov chains	14
2.2.2 Evaluation of entropy from Markov chains	14
2.2.3 Quantification of uncertainty and fairness on the basis of entropy ..	14
3 Achieved results	16
3.1 Uncertainty in P/T Petri nets	16
3.2 Uncertainty in stochastic Petri nets	18
3.3 Fairness in P/T Petri	20
3.4 Fairness in stochastic Petri nets	22
4 Benefits of the dissertation	24
Conclusion	26
References	27
List of papers published by author	30
