<i>Table of Cases and their Abbreviations</i>	xv
<i>Table of Treaties and Other Documents</i>	xxix
<i>List of Abbreviations</i>	xlv

<b>1. Introduction</b>	1
1. The Scope and Significance of this Study	1
2. Treaty Law Framework Concerning Transit of Energy	6
2.1 The choice of treaties	8
2.2 The law of treaties: focus on interpretation	13
3. Countermeasures under the Law of International Responsibility	16
3.1 Overview of the law of international responsibility	16
3.2 The function of countermeasures: invocation of responsibility and circumstances precluding wrongfulness	22
4. Outline of the Study	25
5. Certain Basic Concepts	26
5.1 Transit	26
5.2 Energy	30
5.3 Transit routes	35
 <b>2. The Historical and Normative Background: 'Freedom of Transit' in International Law</b>	 43
1. Introduction	43
2. Transit via Waterway	44
2.1 Cross-border rivers	44
2.2 International canals	47
2.3 Transit at sea	49
3. Transit Overland	52
3.1 From the League of Nations to the United Nations	52
3.2 Landlocked states	55
4. Interim Conclusion	57
 <b>3. The Scope and Content of Obligations Regarding Transit of Energy</b>	 59
1. Introduction	59
2. Taxonomy of Obligations regarding Transit of Energy	59
2.1 Obligations of conduct and obligations of result	59
2.2 Overview of obligations regarding transit	62
3. Delineating the Scope of Obligations: the Example of Security Exceptions	75
3.1 Treaties without exceptions	76
3.2 Security exceptions and treaty language intended to displace countermeasures	80
4. Interim Conclusion	98

<b>4. The Nature of International Obligations Regarding Transit of Energy: from Bilateral to Indivisible Obligations</b>	<b>101</b>
1. Introduction	101
2. Classification of International Obligations regarding Transit of Energy via Pipelines	103
2.1 International case law	104
2.2 Classification of treaties and obligations in the work of the International Law Commission	109
2.3 The criteria for determining the nature of obligations regarding transit of energy via pipelines	110
3. Plurilateral Bespoke Pipeline Treaties	116
3.1 The Nabucco Agreement	116
3.2 The WAGP Treaty	120
3.3 The BTC Pipeline Agreement	121
3.4 The Burgas-Alexandroupolis Pipeline Agreement	122
3.5 The ITGI Agreement	123
3.6 The TAP Treaty	123
4. Bilateral Bespoke Pipeline Treaties regarding the Use of One Transit Pipeline	125
4.1 The China-Central Asia pipeline	125
4.2 The South Stream pipeline	126
5. Multilateral Treaties regarding Transit of Energy	126
5.1 The WTO	126
5.2 The ECT	130
6. Interim Conclusion	136
<b>5. Responses to Breaches under the Law of Treaties</b>	<b>139</b>
1. Introduction	139
2. Responses against Material Breaches	140
2.1 Unilateral responses against the material breach of a treaty	140
2.2 Differences between treaty law responses and countermeasures	144
2.3 Special provisions concerning responses to material breach	145
3. <i>Exceptio Non Adimpleti Contractus</i>	151
4. Interim Conclusion	157
<b>6. Treaty Provisions Concerning Dispute Settlement and Compliance Supervision</b>	<b>159</b>
1. Introduction	159
2. The Relationship between Dispute Resolution and Countermeasures	160
2.1 Institutional frameworks excluding countermeasures	160
2.2 Treaty clauses on dispute settlement and countermeasures	163

3. The WTO Dispute Settlement Understanding	166
3.1 The exclusiveness of the WTO DSU	166
3.2 Energy crises do not challenge the exclusiveness of the DSU	168
3.3 Standing to resort to the DSU	172
4. The Energy Charter Treaty	173
4.1 Annex D	174
4.2 General inter-state dispute settlement	177
4.3 Conciliation	178
4.4 Standing	184
5. Bespoke Pipeline Treaties	185
5.1 The Nabucco Agreement	186
5.2 The WAGP Treaty	189
5.3 The BTC Agreement	191
5.4 The Burgas-Alexandroupolis Agreement	193
5.5 The ITGI Agreement	193
5.6 The TAP Treaty	194
5.7 China-Central Asia and South Stream Pipeline Agreements	194
5.8 Standing to resort to treaty-designed responses	195
6. Interim Conclusion	196
 7. Countermeasures against the Responsible Transit State	 199
1. Introduction	199
2. Countermeasures within the Treaty Breached	199
2.1 The WTO	201
2.2 The ECT	203
2.3 Bespoke pipeline treaties	204
3. Conditions of Lawfulness of Countermeasures	208
3.1 Taken by the injured state	210
3.2 Targeted against the responsible transit state	210
3.3 Proportionality and multiplicity of injured states	213
4. Interim Conclusion	215
 8. Countermeasures as Circumstances Precluding Wrongfulness of Transit Interruptions	 217
1. Introduction	217
2. Availability of Countermeasures in the Form of Suspending Performance of Obligations regarding Transit of Energy	218
2.1 The WTO	218
2.2 The ECT	219
2.3 Bespoke pipeline treaties	223
3. Conditions of Lawful Countermeasures in the Form of Suspending Performance of Obligations regarding Transit of Energy	223
3.1 Countermeasures and multiplicity of injured states in the context of transit of energy	223

3.2 Proportionality	229
3.3 Human rights and countermeasures in the form of suspending compliance with transit of energy obligations	232
4. Interim Conclusion	247
9. General Conclusion	251
