11. Without Unity There Is No Strength	117
12. The Story of Thomas	122
13. Thomas and Eva: A Model of Interaction in Psycholytic Therapy	133
14. The Dilemma of Double Bind	141
15. The Case of Henry – Part I	146
16. The Case of Henry – Part II	152
17. LSD and Archetypes	166
18. Sexuality and the Family	176
19. "I Am Repeating All My Mother's Mistakes"	187
20. Depression	200
21. The Home: A Laboratory of Interpersonal Relations	212
22. The Case of Hana K.	225
Conclusion	251
Epilogue – Closing of The Sadska Clinic	253
Appendix 1 – Background and History of Psychoactive Drugs	259

Appendix 2 – Therapeutic vs. Illegal Use of Psychoactive Drugs	262
Bibliography of Dr. Hausner's Publications	264
General Bibliography	272
Index	285

INDEX

- Abreaction of past trauma, 34,
56, 61, 165
- Adela (case history), 183-184
- Adler, Alfred, 174
- Agnes (case history), 28
- Albert Hofmann Foundation, xvii
- Alcoholism, 40, 146, 170, 226
- Alena (case history), 96-97
- Alexander, F.M., 27-28; bibliog-
raphy: 272, 285
- Alexandr (case history), 182
- Alienation, 7, 8, 26, 109
- Altered states of consciousness
(ASC), 6, 29, 30-32, 38, 41,
174, 259-260, 261
- Amsterdam, 20
- "Analysis: Terminable and Inter-
minable" (S. Freud), 48;
bibliography: 275
- Anima, animus, 167-168, 171,
173
- Anna (case history), 67-72
- Annie (Hana case history), 248-
249
- Anthropology, cultural, 50
- Anxiety states, 40, 201
- Apes' social hierarchy, 178-179
- Aquinas, Thomas, 31
- Archetypal images and symbols,
33, 36-37, 167-168, 170-
174, 247
- Aristotelian dichotomy of either-
or, 7
- ASC: See Altered states of con-
sciousness
- Asthma, 40, 68-71, 102
- Avicenna, 260
- Bacon, Francis, 7, 13, 16; bibli-
ography: 273, 280
- Baconian idols, 13, 16
- Baltimore, viii
- Basel, vi
- Bateson, Gregory, 119, 142, 177-
178; bibliography: 273
- Behavioral therapists, 251
- Belmont Hospital (England), 51
- Birth experience recalled, 35-37,
79, 174, 194, 198
- Birth trauma, 22, 36-38, 194
- Birth, four stages of, 22
- "Blessed drug" (LSD), 2
- Brain, cortex, subcortex, etc., 30-
31, 35
- Brno, 15
- Bychowsky, Gustav, 7; bibliogra-
phy: 273

- Capek, Karel, 9; bibliography: 273
- Carla (Anna case history), 69
- Carol (case history with husband, Peter), 83, 99-112, 178, 216, 220
- Case histories, Adela, 183-184; Agnes, 28; Alena, 96-97; Alexandr, 182; Anna, 67-72; Carol, 83, 99-112, 178, 216, 220; Eva, 132, 133-139 (Chap. 13), 141, 143, 170, 220; Georg, 170-171; Hana K., 1-2, 200-201, 225-250 (Chap. 22); Henry, 145, 146-151 (Chap. 15), 152-166 (Chap. 16), 214-215; Ilona, 207-210; Irina, 203; Jakub, 170; Jan, 170; Jiri, 88-90; Ladi, 115-116; Martina, 181-182; Milos, 204-205; Natalie, 219; Olga, 87-88; Paul, 172-173; Peter, 83, 99-112, 145, 216; Rosemary, 187-199 (Chap. 19); Sonia, 46-47; Thomas, 121, 122-132 (Chap. 12), 133-140 (Chap. 13), 141, 143, 144, 145, 159, 170, 171, 214, 215; Wilhelmina, 83-85; Wilhem, 181
- Cassiers, E., 13; bibliography: 273
- Castration anxieties, 172-173, 176
- Causative activators of neurotic reactions, 85
- Charcot, Jean Martin, xiv
- Child development, 13
- Children, concept of death, 45-46; psychological requirements of, 222-224; UNESCO report, 215-217; importance of first two years, 222
- Cohen, Sidney, vii; bibliography: 273
- Condensed experiences (COEX), 22, 34, 262
- Czech Army Films, iv
- Czech Filmexport, iv
- Czechoslovak Life*, iii
- Clinic organization, 54-57
- COEX (Condensed experiences), 22, 34, 262
- Colitis, 40
- Collective mental disturbance, ix
- Collective unconscious, ix, 37, 167-169, 174
- Communication, foundation for healthy interpersonal relations, 117-118
- Complex loop system, 31
- Conditioned reflexes, 93
- Copernicus, 9
- Corrective experience, 27, 28, 175
- Criminal psychopathology, 40
- Cultural anthropology, 50
- Cuttner, Margot, 169, 174
- Cybernetic, 26-27
- Czech Psychiatric Society, 254
- Darwin, Charles, 9
- David (Henry case history), 162
- Death, 45-46, 83-85, 114, 131, 134, 137, 142, 160, 190, 204, 208-209, 228, 230-231, 235-236, 241, 246-248, 260; children's concept of, 45-46
- Defense mechanisms, 8, 30, 33, 41-42, 54, 111
- Delta sleep, 33
- Denial as defense mechanism, 103, 108, 111, 171
- Depression, 40, 84, 87-88, 90, 97, 102, 121, 133, 200-211 (Chap. 20), as active or pas-

- sive response, 202-204; as way of seeking attention, 203; of mother and child, 206-211; role of fathers, 206-207
- Distribution Commission of the Ministry of Health (Czechoslovakia), 23
- DNA, x
- Dobrowski, 41
- Dobry, Jaroslav, 256
- Donkey, between two mounds of hay, 142
- The Doors of Perception*, (A. Huxley), x, 3, 14; bibliography: 277
- Double-bind dilemma, 107, 133, 139, 141-145 (Chap. 14), 183, 214, 220
- Double-coded communications and information, 119, 141, 178-179
- Double-think, 139
- Dreams, 30, 32-35, 38, 43, 56, 59-60, 62, 65, 74-75, 89, 99, 124, 126, 143, 151, 168-169, 173-174, 186, 200-201, 203, 227, 231, 244, 261
- Dubansky, B., 21; bibliography: 274
- Dytrych, Z., 21; bibliography: 274
- EEG (Electroencephalography), 32
- Electra complex, 176, 211
- Electroencephalography (EEG), 32
- Electrotherapy, short-term memory loss, 34-35
- Eliminating (emptying of bowels), 35, 93
- Ellen (case history), 72-80, 145
- Emotional blockage, 34
- Encounter group therapy, 58
- Ergot alkaloids, 3, 18
- European Society for Psycholytic Therapy, 20, 66
- European Association for Psycholytic Therapy, 23
- Eva (case history), 132, 133-139 (Chap. 13), 141, 143, 170, 220
- Experiment Five* (H. Michaux), 14; bibliography: 281
- Experimental transcendence, 41
- Fantasy, 37, 140, 151, 170, 177, 182, 194, 223, 245; active and passive, 169
- Fate Model of the Psyche (FMP), 5
- Faulty programming, 5, 16, 26, 27, 42, 51, 55, 175; of individual group, subculture, society, 26
- Faunce, E.E., 221; bibliography, 281
- Fears, using symbolism to overcome, 13
- Fillner, Dr., 171; bibliography: 266
- Fixation, 8, 26-27, 33, 93, 124, 172, 184
- Fleck, S., 215; bibliography, 281
- FMP (Fate Model of the Psyche), 5
- Forman, Milos, iii
- Free association, xv, 32, 261
- Freud, Sigmund, xiv-xv, 7, 9, 34, 47, 48, 74, 171-173, 176, 234, 261-262; bibliography: 275
- Freudian slips, 32, 261
- Frigidity, 28, 40, 72, 88, 187
- Georg (case history), 170
- The Grand Review*, 110
- Grof, Stanislav, viii, 21-22, 34,

- 38, 174, 261; bibliography: 269, 276, 277, 283
- Group LSD sessions, 38-39
- Hallstadt (Germany), 259
- Hana K. (case history), 1-2, 200-201, 225-252 (Chap. 22)
- Hapl, Vaclav, iv, vii
- Hausner, Milan, death of, v; role in therapeutic use of LSD, vii-xi, xvi-xvii; bibliography: 264-271
- Havlicek, Z., 14-16; bibliography: 265, 267, 276
- "Healthy Body - Healthy Mind," x
- Heaven and Hell* (A. Huxley), 14; bibliography: 277
- Helena (Rosemary case history), 187
- Henry (case history), 145, 146-151 (Chap. 15), 152-165 (Chap. 16), 214-215
- Hitchcock, Alfred, 189
- Hofmann, Albert, I, 3-4, 21; death of, vi; bibliography: 276
- Homosexuality, 40
- Houghton Mifflin, v
- Huxley, Aldous, 3, 14; bibliography: 277
- Hypnosis, xiv
- Ilona (case history), 207-210
- Imagination, 35, 83, 120, 245; description of, 168-169
