1 Introduction	5
2 Digital Predistortion principle	5
3 Look Up Table predistortion	6
3.1 Algorithm and its implementation	6
3.2 Integration to USRP software defined radio	7
3.2.1 Software defined radio	7
3.2.2 Integration of digital predistortion	9
3.2.3 Experimental workplace	10
3.2.4 Measurement results	10
4 LUT predistorters versus polynomial-based predistorters	11
4.1 Polynomial models of power amplifiers	11
4.2 Comparison of LUT and polynomial predistorters	12
4.3 Time delay adjustment in the feedback path	13
5 Conclusions	15
