Jiří Adamovič, Miroslav Coubal: Orthogonal jointing in sandstone – possible causes	5
Ivo Baroň, Lukas Plan, Bernhard Grasemann, Ivanka Mitrovič, Gerhard Winkler: Pseudokarst Caves in Active Tectonic Zone of Mur-Mürz Fault (Eastern Alps)	7
Jiří Bruthans, Jaroslav Řihošek: Sandstone landforms: Effects of loading stress on spatial distribution and rates of erosion	7
Jiří Bruthans, Jana Schweigstillová, Michal Filippi, Jaroslav Řihošek: Study of rapidly recessing sandstone overhang	8
István Eszterhás: Speleothems of the non-karstic caves	8
István Eszterhás, George Szentes: Caves formed in the effusive rocks and in their tuffs described in the digital list of the non-karstic caves in Hungary	11
Martin Kašing: Cave airflow mechanism of the Velká Ondrášova jeskyně Cave	21
Grzegorz Klassek, Jerzy Pukowski, Tomasz Mleczek: Progress in exploration and registration of the caves in Polish Outer Carpathians in 1999-2014	21
František Kuda, Jan Divíšek: History of caves in the Ledové sluje (Ice Caves) locality, Podyjí National Park, Czechia	25
Jan Lenart, Petr Tábořík, Jiří Kupka: The Cyrilka cave - longest crevice-type cave in Czechia	29
Jan Lenart, Josef Wagner: Pseudokarst of the Moravskoslezské Beskydy Mts.	29
Rudolf Pavuza: Spring tufa caves in Austria	32
Lukáš Šesták, Jan Lenart: The Slámová sluj cave – pseudokarst in limestones	35
Martin Slavík, Jiří Bruthans, Jana Schweigstillová: Effect of lichen cover on sandstone surfaces quantitative study of hydraulic and mechanical properties and erosion	35
Petr Tábořík, Filip Hartvich, Josef Stemberk, Jiří Kopecký, Oldřich Jenka: Structural and tectonic control of the sandstone mesa as revealed by ERT: preliminary results from Ostaš and Hejda Mts.	36
Włodzimierz Margielewski, Jan Urban: Gravitationally induced caves in the Outer Carpathians - their genesis, classification and age	38
Jan Urban, Wojciech Gubała, Włodzimierz Margielewski: Variability of caves conditioned by morphogenesis and lithology - Homole Gorge (Polish Carpathians) case study	40
Josef Wagner, Václav Škarpich: Crevice-type caves of the Moravskoslezské Beskydy Mts as important part of bats habitat	43
Michał Zatorski: The Mroczna Cave in Magura Wątkowska mountain range - stages of development based on the joints morphotectonic analysis	44
Paweł Franczak, Michał Zatorski, Czesław Szura: Water in the caves of Polish Outer (Flysch) Carpathians (Beskid Mountains)	46
