

CONTENTS

First results after deep intrauterine insemination with reduced number of spermatozoa on commercial swine farms.....	4
<i>M. Wähler, M. Geyer, Anhalt University of Applied Sciences, Bernburg, Germany</i>	
Effect of freezing methods of boar sperm on reproductive performance of sows	11
<i>W Bielas Faculty of Veterinary Medicine, Department and Clinic of Animal Reproduction, University of Agriculture, Wrocław, Poland</i>	
Survey on Salmonella in Breeding Pigs- Next Target on Zoonoses Data Collection	15
<i>J. Smola University of Veterinary and Pharmaceutical Sciences Brno</i>	
Simultaneous application of antibiotic and probiotic in weaned piglets	16
<i>Daněk P.¹, Bělková J.¹, Smola J.², Ondráček J.²</i>	
<i>¹Research Institute of Animal Production Praha – Uhřetěves, workplace Kostelec n.O., CZ</i>	
<i>²University of Veterinary and Pharmaceutical Sciences Brno, CZ.</i>	
Effect of production and reproduction traits of gilts on sow longevity in Czech Landrace breed	17
<i>Bečková R., Václavková E. Research Institute of Animal Production Prague-Uhřetěves, workplace Kostelec nad Orlicí</i>	
Effect of ground flaxseed in pig diet on carcass value traits and fatty acid content in muscle tissue	18
<i>Václavková E., Bečková R. Research Institute of Animal Production Prague-Uhřetěves, workplace Kostelec nad Orlicí</i>	
Relation of boars morphologically abnormal spermatozoa incidence to seminal plasma components and PRLR gene	19
<i>J. Čerovský, S. Frydrychová, A. Lustyková, M. Rozkot Research Institute of Animal Production Prague-Uhřetěves, workplace Kostelec nad Orlicí</i>	
Obtaining high-quality and viable embryos for cryopreservation and transfer.....	21
<i>Urbánková L., Vejnar J. Research Institute of Animal Production Prague-Uhřetěves, workplace Kostelec nad Orlicí</i>
