Acknowledgments	1
Foreword (M. A. Huffman).....	3
Sample collection and preservation (K. J. Petrželková/D. Jirsová).....	5
Coproscopic techniques (K. Jirků-Pomajbíková/Z. Hůzová)	14
Principles of microscopic identification of parasites (K. Jirků-Pomajbíková)	25
Semi-quantitative evaluation of intensity of infection (K. Jirků-Pomajbíková)	26
Parasite quantification (J. Doležalová/K. Jirků-Pomajbíková/B. Kalousová)	27
Larvoscopic techniques (B. Kalousová).....	32
Fecal washing for nematode detection (B. Kalousová)	39
Staining techniques for protists (M. Kváč/Z. Hůzová).....	41
Coproscopic examination and its limits (D. Modrý).....	51
Detection of blood parasites in primate feces (M. I. Mapua/J. Votýpka).....	54
Parasites of chimpanzees (K. J. Petrželková).....	57
Parasites of gorillas (B. Kalousová)	64
Parasites of great apes as zoonotic agents (D. Modrý)	69
ATLAS	
Trichomonads and related flagellates (I. Čepička).....	75
<i>Giardia intestinalis</i> (M. Kváč)	78
<i>Chilomastix mesnili</i> (M. Kváč)	80
<i>Blastocystis</i> (J. Doležalová).....	82
Intestinal amoebas (K. Jirků-Pomajbíková)	84
Entodiniomorphid ciliates (I. Pšenková/D. Modrý).....	88
<i>Balantioides coli</i> (K. Jirků-Pomajbíková/D. Modrý)	92
<i>Cryptosporidium</i> (M. Kváč/J. McEvoy).....	95
Microsporidia (B. Sak/M. Kváč).....	98
Trematodes (D. Modrý/B. Červená)	100
Anoplocephalid tapeworms (J. Doležalová)	103
<i>Ascaris</i> (J. Doležalová)	106
<i>Necator</i> and <i>Ancylostoma</i> (B. Kalousová/H. Hasegawa)	109

<i>Oesophagostomum</i> (B. Kalousová/H. Hasegawa).....	113
<i>Mammomonogamus</i> (B. Červená/P. Vallo).....	116
Other strongylids (B. Kalousová).....	119
<i>Strongyloides</i> (H. Hasegawa/B. Kalousová).....	121
<i>Probstmayria</i> (H. Hasegawa).....	124
<i>Enterobius</i> (H. Hasegawa).....	126
Spirurids (H. Hasegawa).....	129
<i>Trichuris</i> (J. Doležalová/D. Modrý).....	132
<i>Capillaria</i> s. l. (H. Hasegawa).....	135
Pseudoparasites (D. Modrý).....	137
