

CONTENTS

Phylogenetic analysis of Trypanosomatina (Protozoa: Kinetoplastida) based on minicircle conserved regions V. Yurchenko, A.A. Kolesnikov, J. Lukeš	1-5
Preference of female rats for the odours of non-parasitised males: the smell of good genes? C. Willis, R. Poulin	6-10
<i>Neopolystoma liewi</i> sp. n. (Monogenea: Polystomatidae) from the eye of the Malayan box turtle (<i>Cuora amboinensis</i>) L.H. du Preez, L.H.S. Lim	11-16
Comparative infectivity of <i>Fasciola hepatica</i> metacercariae from isolates of the main and secondary reservoir animal host species in the Bolivian Altiplano high human endemic region M.A. Valero, S. Mas-Coma	17-22
Morphology of <i>Bertiella studeri</i> (Blanchard, 1891) sensu Stunkard (1940) (Cestoda: Anoplocephalidae) of human origin and a proposal of criteria for the specific diagnosis of bertiellosis M.T. Galán-Puchades, M.V. Fuentes, S. Mas-Coma	23-28
Ultrastructure of the scolex, rhyncheal system and bothridial pits of <i>Otobothrium mugilis</i> (Cestoda: Trypanorhyncha) M. K. Jones	29-38
The effect of condensed tannins from seven herbages on <i>Trichostrongylus colubriformis</i> larval migration <i>in vitro</i> A.L. Molan, G.C. Waghorn, B.R. Min, W.C. McNabb	39-44
Bacillary band ultrastructure of the fish parasite <i>Capillaria pterophylli</i> (Nematoda: Capillariidae) Z. Žďárská, J. Nebesářová	45-48
A study of proteases throughout the life cycle of <i>Trichinella spiralis</i> R.M ^a Ros-Moreno, C. Vázquez-López, C. Giménez-Pardo, C. de Armas-Serra, F. Rodríguez-Caabeiro	49-54
Analysis of intestinal intraepithelial lymphocyte populations in experimental <i>Trichinella spiralis</i> infection of mice F. Božić, A. Marinculić, E. Duraković	55-59
A redescription of the adult male of <i>Caecognathia cryptopais</i> (Barnard, 1925) (Crustacea: Isopoda: Gnathiidae) from southern Africa N.J. Smit, L. Basson, J.G. Van As	61-66
Comparison of the protein profiles of salivary gland extracts derived from three species of unfed and partially fed ixodid ticks analysed by SDS-PAGE M. Slovák, V. Hajnická, M. Labuda, N. Fuchsberger	67-71
Notes on mites of the family Myobiidae (Acari: Prostigmata) parasitising rodents (Mammalia: Rodentia) in Iran A. Bochkov, M. Arbobi, V. Malikov	73-77
Notes	
<i>Kabatana</i> gen. n., new name for the microsporidian genus <i>Kabataia</i> Lom, Dyková et Tonguthai, 1999 J. Lom, I. Dyková, K. Tonguthai	78
Detection of spirochetes in, and isolation from, culicine mosquitoes Y.O. Sanogo, J. Halouzka, Z. Hubálek, M. Němec	79-80
Book reviews	60, 72
Announcements	16, 38
