Preface	xi
Acknowledgments	xiii
1 The Many Meanings of Information	1
1.1 Five Senses of Information	2
1.2 Information Senses Framework	5
1.3 Information Terminology and the Socio-Technical Perspective	7
2 Information as Thought and Memory	11
2.1 Noumenal Clouds	11
2.2 What We Know	12
2.2.1 Memory	12
2.2.2 Perception	13
2.3 How We Know	14
2.3.1 Information Processing and Cognitive Architectures	14
2.3.2 Biological Information Processing	15
2.4 What We Feel	16
3 Information as Communication Process	17
3.1 Human Acts of Information	18
3.1.1 Intention	19
3.1.2 Execution	20
3.1.3 The Effects of Information Acts	21
3.2 Interaction as Information Act	22
4 Information as Artifact	25
4.1 Artifacts	27
4.2 Form	27
4.2.1 Substrate	28
4.2.2 Methods	29
4.2.3 Tools	30

4.3	Information Life Spiral	31
4.3.1	Create	32
4.3.2	Personal Manage	34
4.3.3	Personal Use	34
4.3.4	Share	35
4.3.5	Public Manage	36
4.3.6	Public Use	38
4.4	Artifact Evolution	38
4.5	Electronic Information Artifacts and Human Experience	41
5	Information as Energy	45
5.1	Change in Physical State: Reduction in Uncertainty	45
5.2	Change in Mental and Social States	48
6	Information as Identity in Cyberspace: The Fifth Voice	51
6.1	Cyberspace	51
6.1.1	Cyberinfrastructure Interfaces	53
6.2	Human Information Interaction	55
6.2.1	Use and Interaction	55
6.2.2	People Interacting with Information Artifacts	56
6.2.3	Agents	59
6.2.4	Levels of Interaction	61
6.2.5	Information Interaction Summary	63
6.3	Personal and Public Identities	63
6.3.1	Personal Identity	63
6.3.2	Public Identities	64
6.4	Projections, Reflections, and Proflections of Identity	67
6.4.1	Exoinformation and Projections	68
6.4.2	Reflections	71
6.4.3	Proflections	72

7	Conclusion and Directions	77
	Bibliography	81
	Author's Biography	91
