I	Index
1	Michael Jang (RHCE, LPIC-2, OCP, Linux+, MCP) is currently a Senior Technical Writer for Red Hat. He has written or contributed to books on Linux administration including <i>LPIC-1 in Depth</i> , <i>Mike Meyers' Linux+ Certification Passport</i> , and <i>SUSE Linux/Ubuntu Installation and Configuration Exam Cram</i> . His other books include <i>Linux Best Practices for Geeks</i> , <i>Linux Patch Management</i> , and <i>Mastering Fedora Core Linux 5</i> . He has also written or contributed to books on Microsoft operating systems including <i>Windows Server 2003 Inside Out</i> , <i>The Complete Guide to Microsoft Windows 98</i> and <i>Mastering Windows XP Professional, Second Edition</i> .
2	Alessandro Orsaria (RHCE, RHCA, CCIE #2) is an IT professional with more than 15 years' experience in the industry. He has written articles for technical Linux magazines and is currently employed by a global equity hedge fund as an IT Infrastructure Architect. Alessandro is Red Hat RHCE and RHCA certified and has received two Cisco CCIE certifications in Routing & Switching and Data Center Interconnect. He holds an MSc from Imperial College of London and a degree in physics.
3	RHCSA-Test-System Administration Tasks
4	About the Technical Editor
5	A Scenario Primer
6	Alex Davies works for a proprietary trading firm based in London, UK. He is responsible for Linux systems and manages a team of Linux engineers across Chicago, New York, London, and Singapore. Alex is the author of <i>MySQL Clustering and MySQL High Availability Cookbook</i> . Earlier in his career he was both RHCE and RHCA certified and received the RHCE of the Year award in 2009 from Red Hat. Alex also holds a degree in economics from the University of Durham.
7	The Apache Web Server
8	The Samba File Server
9	NFS Services with Krb5
10	The MySQL Database
11	The MariaDB Server
12	PostgreSQL
13	Redis
14	Memcached
15	The Apache Web Server
16	The Samba File Server
17	NFS Services with Krb5
18	The MySQL Database
19	The MariaDB Server
20	PostgreSQL
21	Redis
A	Provides a System for Test Samples Exams
B	Samples Exam 1: RHCSA
