

Table of Contents

Preface	1
Chapter 1: Getting Ready for Multimedia in Moodle	7
Multimedia in Moodle	8
About the course	10
Course structure	10
Course content	12
Pre-requisites	13
Knowledge	13
Hardware	13
Software	15
Configuring Moodle for multimedia	16
Three simple things using Moodle and multimedia	17
Task 1 – Adding images to forums	17
Examples of uses of a forum with pictures	18
Task 2 – Adding sound to forums	18
Examples of uses of a forum with sound attachments	19
Task 3 – Adding videos to forums	20
Examples of uses of a forum with videos	21
Summary	23
Chapter 2: Picture This	25
Finding free pictures online	25
The basics of image formats	26
Flickr	27
Uploading photos to Flickr	29
License	31
Wikimedia Commons	31
Other picture sites	32
Moodle it!	33
Uploading images as attachments	33

Using Moodle's HTML editor	34
Capturing and enhancing pictures using GIMP	38
Tips for effective photo capturing	39
Composition	40
Lighting	40
Size	42
Enhancing pictures using GIMP	42
Cropping	44
Resizing	47
Saving	49
Rotating	51
Flipping and rotating	52
Correcting white balance and color	52
Correcting brightness and contrast	54
Creating digital photo collages	55
Adding layers	55
Eliminating photo areas	56
Adding text	58
Capturing screenshots	60
Capturing screenshots by using the Print Screen key	60
Capturing screenshots using Jing	62
Creating comic strips using Strip Generator	63
Adding elements	65
Publishing	66
Creating slideshows	68
Exporting PowerPoint slides as images to build Moodle lessons	68
Publishing presentations using Slideshare	71
Creating online photo slideshows	73
Summary	76
Chapter 3: Sound and Music	77
Finding free music and sounds online	77
The basics of audio formats	77
Internet Archive: Audio archive	79
Freesound	80
CCMixter	80
Imeem	82
Uploading audio to Imeem	83
Creating playlists in Imeem	85
Other music and sound sites	88
Moodle it!	89
Creating and delivering	89
Extracting audio from CDs using VLC	90
Ripping a CD track	92

Creating and editing audio using Audacity	95
Slicing a track	97
Capturing audio from a microphone (line in)	100
Remixing audio	102
Converting text to speech using Voki	104
Giving voice to an avatar	105
Podcasting using Podomatic	107
Summary	113
Chapter 4: Video	115
Finding free videos online	115
The basics of video formats	116
Instructables	116
Scippo	117
TrueTube	118
Academic earth	118
Downloading YouTube and TeacherTube videos	119
Creating videos quickly and cheaply	122
Grabbing video selections from DVDs	122
Editing videos using Windows Movie Maker	125
Creating a project	128
Creating a collection	128
Importing multimedia (starting with video)	129
Splitting	129
Creating a story board	130
Inserting transitions and effects	130
Inserting a title at the beginning of the movie	132
Inserting an image at the end of the movie	132
Removing the original soundtrack and inserting a new one	133
Publishing the edited movie	134
Moodle it!	135
Uploading video directly to Moodle	135
Uploading videos to TeacherTube (or YouTube)	135
Creating a photo story with Windows Photo Story	138
Importing pictures	139
Adding titles to pictures	141
Adding narration and motion	142
Adding background music	144
Publishing the Photo Story	144
Creating a screencast with Jing	146
Recording the screen with audio	146
Creating an online TV station using Mogulus	148
Creating a stop motion movie with Animator DV Simple+	155
Summary	159

Chapter 5: Web 2.0 and Other Multimedia Forms	161
Creating gadgets to represent data by using Google Docs (Spreadsheets)	162
Insert a Gadget	163
Publish	166
Discuss, Share, Collaborate	167
Creating floor plans using a floor planner	167
Create a room	170
Add a floor	170
Add elements	171
Save and publish	171
Creating mind maps using Mindomo	173
Add topics	174
Add multimedia elements	174
Save and publish	176
Creating interactive timelines using Dipity	176
Add a topic	177
Add an event	178
Share	180
Creating custom maps using Google Maps	180
Create a new map	182
Add a placemark	182
Add a line	185
Share	186
Creating an online presentation using Voicethread	187
Upload media	188
Comment	190
Share	191
Summary	192
Chapter 6: Multimedia and Assessments	193
Adding multimedia to multiple choice answers in Moodle quizzes and lessons	193
Adding multimedia to quizzes, lessons, and assignments	197
Creating exercises with Hot Potatoes	197
JCross - Crosswords	198
JMix - Jumble exercises	202
Publish	203
Moodle it!	204
Creating interactive exercises with JClic	205
Start a new project	207

Creating a puzzle activity	208
Creating a finding pairs activity	213
Sequencing activities	214
Publish	216
Moodle it!	216
Assessing multimedia using rubrics	218
Criteria	219
Summary	220
Chapter 7: Synchronous Communication and Interaction	221
Communicating in real-time using text, audio, and video	221
Chat and group chat	222
Transferring files	226
Voice and video chat	226
Creating an online real-time classroom	228
Setting up a meeting	228
Starting a meeting	233
Sharing the desktop	233
Using the whiteboard	233
Uploading a Microsoft Powerpoint presentation or Adobe PDF document	234
Managing communication and participation	235
Recording	235
Summary	235
Chapter 8: Common Multimedia Issues in Moodle	237
Copyright issues	237
Fair use	238
Public domain	239
Licensing your work under a Creative Commons license	240
Referencing sources	243
Plagiarism	243
Seeking further advice	243
Safety issues	244
Personal details	244
Cyber-bullying	244
Seeking further advice	245
Selecting Web 2.0 applications	245
Moodle modules and plug-ins of interest	246
Summary	247
Index	249
