Section I CMC Approaches to Education and Instruction

Volume I

Chapter I

The Untapped Learning Potential of CMC in Higher Education	1
<i>Cheryl Amundsen, Simon Fraser University, Canada</i>	
<i>Elahe Sohbat, Simon Fraser University, Canada</i>	

Chapter II

Affective Collaborative Instruction with Librarians	15
<i>Lesley S. J. Farmer, California State University, USA</i>	

Chapter III

Preparing Participants for Computer Mediated Communication	25
<i>Robert Jordan, US Bureau of Labor Statistics, USA</i>	

Chapter IV

Learning and Teaching with CMC in the U.S. Higher Education Arena	34
<i>Allison V. Level, Colorado State University, USA</i>	
<i>Amy E. Hoseth, Colorado State University, USA</i>	

Chapter V

Human Computer Interaction and the Best Mixes of Face-to-Face E-Interactions in Educational Settings.....	49
<i>Bolanle A. Olaniran, Texas Tech University, USA</i>	

Chapter VI	
Higher Education's Use of Course Management Software	62
<i>Apryl C. Price, Texas A&M University, USA</i>	
Chapter VII	
Computer Mediated Learning: Applying Burke's Pentad	73
<i>Alison Ruth, Griffith University, Australia</i>	
Chapter VIII	
Emergent Networks in Computer-Supported Groups	87
<i>Michael A. Stefanone, State University of New York at Buffalo, USA</i>	
Chapter IX	
CMC and E-Mentoring in Midwifery	103
<i>Sarah Stewart, University of Queensland, Australia</i>	
Chapter X	
Stay Tuned for Podcast U and the Data on M-Learning	114
<i>Deborah Vess, Georgia College & State University, USA</i>	
<i>Michael Gass, Georgia College & State University, USA</i>	
Chapter XI	
Computer Mediated Communication and Multimodal Instruction in Higher Education	128
<i>J. Patrick Williams, College of Staten Island City University of New York, USA</i>	
<i>Hsin-Liang Chen, University of Missouri at Columbia, USA</i>	
Chapter XII	
Millennium Leadership Inc.: A Case Study of Computer and Internet-Based Communication in a Simulated Organization	146
<i>Stacey L. Connaughton, Rutgers University, USA</i>	
<i>Brent D. Ruben, Rutgers University, USA</i>	
Chapter XIII	
Higher Order Thinking in Online Courses	167
<i>Kit Hang Leung, McGill University, Canada</i>	

Section II

Credibility and Identity in Cyberspace

Chapter XIV	
Shifting Trends in Evaluating the Credibility of CMC	185
<i>Shawn Apostel, Michigan Technological University, USA</i>	
<i>Moe Folk, Michigan Technological University, USA</i>	

Chapter XV

Teaching Credibility of Sources in an Age of CMC	196
--	-----

Erin Bower, Sonoma State University, USA

Karen Brodsky, Sonoma State University, USA

Chapter XVI

Composing Identity in Online Instructional Contexts	207
---	-----

Kevin Eric DePew, Old Dominion University, USA

Chapter XVII

Computer Mediated Negotiations and Deception	220
--	-----

Gabriel A. Giordano, University of Navarra, Spain

Jason Stoner, Ohio University, USA

Robyn L. Brouer, Hofstra University, USA

Joey F. George, Florida State University, USA

Chapter XVIII

CMC and the Nature of Human/Machine Interface	230
---	-----

Gerald S. Greenburg, Ohio State University, USA

Chapter XIX

Building Identity through Online Collaboration.....	240
---	-----

Janice M. Krueger, Clarion University of Pennsylvania, USA

Chapter XX

Reviewer Motivations, Bias, and Credibility in Online Reviews.....	252
--	-----

Jo Mackiewicz, Auburn University, USA

Chapter XXI

The Psychology of Personal Web Sites.....	267
---	-----

Karl-Heinz Renner, Otto-Friedrich University of Bamberg, Germany

Astrid Schütz, Chemnitz University of Technology, Germany

Chapter XXII

Persuasive Design	283
-------------------------	-----

Per F. V. Hasle, Aalborg University, Denmark

Anne-Kathrine Kjær Christensen, Aalborg University, Denmark

Chapter XXIII

Deceptive Communication in E-Collaboration	297
--	-----

Joey F. George, Florida State University, USA

Kent Marett, Washington State University, USA

Section III

CMC, Community, and Information Exchange

Chapter XXIV

- Multitasking CMC to Study Connected Organizations 309
J. Patrick Biddix, Valdosta State University, USA

Chapter XXV

- Sense of Virtual Community 325
Anita Blanchard, University of North Carolina, USA

Chapter XXVI

- Towards a Communication-Based Approach to Cyber-Bullying 339
Artemio Ramirez, Jr., The Ohio State University, USA
Matthew S. Eastin, The University of Texas at Austin, USA
Jennifer Chakroff, Lasell College, USA
Vincent Cicchirillo, The Ohio State University, USA

Chapter XXVII

- Publishing an Internet E-Zine 353
Joe E. Burns, Southeastern Louisiana University, USA
Dianna Laurent, Southeastern Louisiana University, USA

Chapter XXVIII

- Communicating Electronically When Too Far Away to Visit 365
Zeynep Cemalcilar, Koc University, Turkey

Chapter XXIX

- WebCom: A Model for Understanding Web Site Communication 379
Mikkel Godsk, University of Aarhus, Denmark
Anja Bechmann Petersen, University of Aarhus, Denmark

Chapter XXX

- Virtual Collaboration in Immersive and Non-Immersive Virtual Environments 401
Rosanna E. Guadagno, The University of Alabama, USA
Katrin Allmendinger, Fraunhofer Institute for Industrial Engineering, Germany

Chapter XXXI

- P2P File Sharing—The Life and Death of Gnutella 411
Danny Hughes, Lancaster University, UK
James Walkerdine, Lancaster University, UK

Chapter XXXII

- Knowledge Communication with Shared Databases 424
Joachim Kimmerle, University of Tuebingen, Germany
Ulrike Cress, Knowledge Media Research Center, Germany

Chapter XXXIII

- Terminological Obfuscation in Online Research 436
Patricia G. Lange, University of Southern California, USA

Chapter XXXIV

- Discourse and Network Analyses of Learning Conversations 451
H. L. Lim, The Petroleum Institute, UAE
Fay Sudweeks, Murdoch University, Australia

Chapter XXXV

- Social Influence and Computer Mediated Communications 477
Bradley M. Okdie, The University of Alabama, USA
Rosanna E Guadagno, The University of Alabama, USA

Chapter XXXVI

- Divergent News Media in Computer Mediated News Communication 492
Michaël Opgenhaffen, Lessius University College, Belgium

Volume II

Chapter XXXVII

- Computer Mediated Collaboration 508
Barrie Jo Price, The University of Alabama, USA

Chapter XXXVIII

- Accessible Design for Communication on the Web 527
David Robins, Kent State University, USA

Chapter XXXIX

- An Analysis of a Decade of Research Published in *The Journal of Computer-Mediated Communication* 541
Jamie S. Switzer, Colorado State University, USA

Chapter XL

- The Use of Story In Building Online Group Relationships 551
Stephen Thorpe, Auckland University of Technology, New Zealand

Chapter XLI

- Form and Function of Metacommunication in CMC 570
Mirjam Weder, University of Basel, Switzerland

Chapter XLII

- Digital Storytelling from Artificial Intelligence to You Tube 587
Julie D. Woletz, Johann Wolfgang Goethe University, Germany

Chapter XLIII

CMC for the Enhancement of Psychotherapy	602
--	-----

Markus Wolf, University Hospital Heidelberg, Germany

Stephanie Bauer, University Hospital Heidelberg, Germany

Chapter XLIV

Moderating Discussion Groups Using Computer Mediated Communication	619
--	-----

Mauri P. Collins, University of Nevada Las Vegas, USA

Zane L. Berge, University of Maryland, Baltimore County, USA

Chapter XLV

Locating Presence and Positions in Online Focus Group Text with Stance-Shift Analysis	634
---	-----

Boyd Davis, University of North Carolina-Charlotte, USA

Peyton Mason, Linguistics Insights, Inc., USA

Chapter XLVI

The Impact of Personality on Virtual Team Creativity and Quality	647
--	-----

Rosalie J. Ocker, The Pennsylvania State University, USA

Chapter XLVII

E-Mentoring: An Extended Practice, An Emerging Discipline	656
---	-----

Angélica Rísquez, University of Limerick, Ireland

Section IV

Tools and Technologies Related to CMC

Chapter XLVIII

Podcastia: Imagining Communities of Pod-People	679
--	-----

Jonathan Cohn, UCLA, USA

Chapter XLIX

E-Mail Distribution Lists in Adult Learning: A Historical Perspective.....	690
--	-----

Mauri P. Collins, University of Nevada Las Vegas, USA

Zane L. Berge, University of Maryland, Baltimore County, USA

Chapter L

The Use of CMC Technologies in Academic Libraries	705
---	-----

Courtney D. Crummett, National Library of Medicine, National Institutes of Health, USA

Anna H. Perrault, South Florida University, Tampa, USA

Chapter LI

Blogs - A Computer Mediated Communication Tool for Virtual Team Collaboration	720
---	-----

Ashok Darisipudi, Ball State University, USA

Sushil K. Sharma, Ball State University, USA

Chapter LII	
Corporate Blogging.....	731
<i>Uma Doraiswamy, Western Kentucky University, USA</i>	
Chapter LIII	
Seek and Ye Shall Find	740
<i>Suely Fragoso, Unisinos, Brazil</i>	
Chapter LIV	
Turn Taking in E-Mail Discussions	755
<i>Sandra Harrison, Coventry University, UK</i>	
Chapter LV	
Innovation and Utility in the Optical Transport Network	773
<i>Robert Karl Koslowsky, Independent Scholar, USA</i>	
Chapter LVI	
Digital Photography	791
<i>Eric T. Meyer, University of Oxford, UK</i>	
Chapter LVII	
IM's Growth, Benefits, and Impact on Communication	804
<i>Sara Rofofsky Marcus, Queens College GSLIS, USA</i>	
Chapter LVIII	
Podcasting and Really Simple Syndication (RSS)	815
<i>Anna C. McFadden, The University of Alabama, USA</i>	
Chapter LIX	
Computer Mediated Speech Technology - Perceptions of Synthetic Speech and Attitudes	831
<i>John W. Mullenix, University of Pittsburgh at Johnstown, USA</i>	
<i>Steven E. Stern, University of Pittsburgh at Johnstown, USA</i>	
Chapter LX	
Information Commons and Web 2.0 Technologies: Creating Rhetorical Situations and Enacting Habermasian Ideals in the Academic Library	845
<i>Elisabeth Pankl, Kansas State University, USA</i>	
<i>Jenna Ryan, Louisiana State University, USA</i>	
Chapter LXI	
Human-Robot Interaction	855
<i>Jutta Weber, Technical University Carolo-Wilhelmina of Brunswick, Germany</i>	

Chapter LXII

- Instant Messaging as a Hypermedium in the Making 868
Kalev Leetaru, University of Illinois, USA

Section V

Cultural and Linguistic Issues in CMC

Chapter LXIII

- CMC Research in Latin America and Spain - Meta-Analyses from an Emergent Field 883
Edgar Gomez Cruz, Universitat Oberta de Catalunya, Spain

Chapter LXIV

- Global Culture and Computer Mediated Communication 901
Susan R. Fussell, Carnegie Mellon University, USA
Qiping Zhang, Long Island University, USA
Leslie D. Setlock, Carnegie Mellon University, USA

Chapter LXV

- Innovations and Motivations in Online Chat 917
Wengao Gong, National University of Singapore, Singapore
Vincent B. Y. Ooi, National University of Singapore, Singapore

Chapter LXVI

- Solidarity and Rapport in Social Interaction 934
Jung-ran Park, Drexel University, USA

Chapter LXVII

- Chat Rooms for Language Teaching and Learning 947
Cheng-chao Su, National Taiwan College of Performing Arts, Taiwan
Karen Garcia, University of Massachusetts, USA

Chapter LXVIII

- Linguistic Forms and Function of SMS Text Messages in Nigeria 969
Rotimi Taiwo, Obafermi Awolowo University, Nigeria

Chapter LXIX

- Linguistics of Computer Mediated Communication: Approaching the Metaphor 983
Rosanna Tarsiero, Gionnethics, Italy
