Acknowledgements xi

1 Introduction 1

Background 1

Some definitions 4

Information literacy 6

Digital literacy and multiliteracies 11

Teaching information skills 12

The organization of this book 14

A last word 17

2 Learners and learning styles 18

Understanding learning 18

Theories of learning 21

Personality and learning 26

Culture and gender 30

Experience and expectation 33

Learning technologies and modes of learning 33

Learning and learning styles in practice 34

Case study 1 Library induction for international students 35

Case study 2 Inclusive teaching and learning support 37

3 Motivating learners 42

What is motivation? 42

Learning and motivation 44

Motivation and information skills 48

Motivation in practice 49

Case study 3 Invisible students? Motivating e-learners 55

Case study 4 Getting into the culture in further education 58

- 4 Auditing: finding out what your learners need 61**
 - What is auditing? 62
 - Auditing in practice 64
 - Triangulation of evidence 70
 - What happens if you do not audit? 70
 - Case study 5 Auditing local historians 71
 - Case study 6 Auditing in the workplace 74

- 5 Planning a learning experience 78**
 - Planning in context 78
 - The planning process 80
 - Aims, objectives and learning outcomes 81
 - Planning the inputs 87
 - Preparing for delivery 92
 - E-learning 93
 - Reflections and conclusion 96
 - Case study 7 Sorted for whizzy e-learning 97
 - Case study 8 Information literacy through critical appraisal 99

- 6 Delivery: tools, techniques and approaches 102**
 - Teaching methods 103
 - How to underpin good teaching 108
 - Conclusion 118
 - Case study 9 Technophobes versus computers: an alternative approach 119
 - Case study 10 Online delivery of information 121
 - Case study 11 Lecture or show: an innovative approach to working with a large group 123
 - Case study 12 Information skills and outreach 126

- 7 Assessment 128**
 - Understanding assessment 128
 - Defining assessment 129
 - Reasons for assessment 131
 - Assessment principles 134
 - Assessment in practice 135
 - Planning assessment 136
 - Forms of assessment 138
 - Who does the assessment? 145
 - How to mark 146
 - Giving feedback 147
 - Final thoughts: improving practice 149
 - Case study 13 Good practice in assessment 149
 - Case study 14 Informal assessment with a reading group 152

8 Feedback and evaluation 156

Feedback 156

Why seek feedback? 157

Key issues about feedback 158

Methods of feedback 161

Evaluation 171

Measuring impact 173

Conclusion 174

Case study 15 'George – don't do that!' 174

Case study 16 'Lies, damned lies and statistics' 177

9 Building a teaching team 181

Skills development for teaching and learning 182

Collaboration 187

Culture building 189

Involvement, action and reflection: building a teaching team 195

Case study 17 Writing online learning materials 195

Case study 18 Classroom and peer observation in practice 199

10 Conclusions and the future 203

Review of the themes in this book 203

Learning: a wider vision 205

Learning and technology 206

Library and information professionals and our role in learning 207

Bibliography 210**Index 219**

Index

academic libraries *see* higher education or further education
action learning sets 194–5
active learning 110–12
adult learners 45–6, 126–7, 152–55
aims 81–6
 definition 81–3
 writing 85–6
ALT: Association for Learning
 Technologies 186
assessment 128–55
 course content 87–8
 definitions 128–31
 forms of 138–45 *see also* individual forms
 giving feedback 147–8
 inclusive practice 135
 integrated into other work 140–1
 marking 146
 motivation 53, 133
 peer assessment 145
 planning 136–8
 principles 134–5
 reasons for 131–3
 self-assessment 145
 types of 129–31
auditing 61–77
 definition 62–3
 influence on motivation 62
 learning styles 62–3
 pitfalls of failure to audit 70–1
 practical tips 64–70

behaviourist approaches 22
bibliographies, use in assessment 138–9,
 149–52
The Big Blue 2
The Big 6 Skills 7, 88
Bloom's taxonomy 19, 86
brainstorming 107
Bruce, Christine 10
 see also information literacy
buzz groups 106–7

case studies, form of assessment 139
Cephalonian method 124–5
CILIP: Chartered Institute of Library and
 Information Professionals 185, 186
 see also University, College and
 Research Group
classroom observation 199–202
 see also peer observation
classrooms *see* environment
cognitivist theories of learning 23
collaboration 187–95
computer literacy *see* multiliteracies
computer-aided learning, use in
 assessment 139
constructivist theories of learning 25–6
content planning 87–90
continuing professional development
 185–6
contribution, form of assessment 139
conversational approach to teaching
 108–9
Corrall, Sheila 67
